SHIP BILL COLLAPSES.

Extra Session Now Inevitable.

Democrats are Demoralized; Ready to do Anything to Save Wilson's Face.

Philanderers Take Two Votes from Administration and Cause Adjournment.

Not Offers to Trade Federal Appointments for Votes are Made.

BY DIRECT WIRE—EXCLUSIVE DISPATCH.] WASHINGTON, Feb. 10.—The administration forces and the Democrats are demoralized tonight. They are seeking in every way they can to hasten some sort of a compromise on the ship purchase bill which will save the President's face.

THE PRESIDENT is threatening an extra session and is doing everything he can to bring recalcitrant Democrats into line. He sought to hold Kenyon of Iowa by nominating the latter's brother-in-law to be master at Fort Dodge. Kenyon was for adjournment, though doubting he will support a compromise.

President Wilson sent today to the Senate the nomination of C. E. Dunlop, a brother-in-law of Senator Kenyon of Iowa, to be postmaster at Fort Dodge, Iowa.

THE nomination to the appointment of Dunlop immediately among the Senators who have been fighting the passage of the ship purchase bill. It was intimated openly that the appointment was made because Senator Kenyon is one of the Democrats.

MARRIAGES BY PROXY.

Bill Approved in France to Apply to Soldiers at the Front.

PARIS, Feb. 10.—Minister of Justice Briand, with the approval of M. Millerand, the Minister of War, has given his approval to the proposed bill which would allow soldiers who are unable to leave the front to contract marriages by proxy.

STORM AT COLON DOES GREAT DAMAGE.

BREAKWATER DESTROYED AND THE HARBOR IS STREWN WITH WRECKAGE.

COLON, Feb. 10.—The damage wrought by the storm which began yesterday is estimated at nearly \$1,000,000. Over half of the eastern breakwater, in course of construction here, has been destroyed. The waves are still rolling over the western breakwater, but the storm is now abating.

During the night the four-master Pendleton, with a cargo of piles, became waterlogged and was beached. The water front of the harbor is strewn with wreckage.

The storm was responsible for the death of two Indians. Six inches of rain fell. This is unprecedented for February, the driest month of the year.

The vessel referred to in the foregoing dispatch is the American schooner Blanche C. Pendleton. She arrived at Colon January 28, from New Orleans.

HURRICANE SWEEPS MANUA ISLANDS.

NOT A HOUSE IS STANDING; INHABITANTS HAVE LOST EVERYTHING.

TUTUILA (American Samoa) Feb. 10.—(By wireless to Honolulu, thence by cable.) The Manua Islands, in American Samoa, have been swept by a destructive hurricane. Not a house is standing. No deaths have been reported, but the people lost everything. The food situation is serious and help is wanted.

THE vessel referred to in the foregoing dispatch is the American schooner Blanche C. Pendleton. She arrived at Colon January 28, from New Orleans.

NEW YORK A LUXURY.

It Costs More than It is Worth.

State Legislature to Investigate the Metropolis of the Hemisphere.

Real Estate and Business Men of the Great City After the Politicians.

Brown Would Cut Operating Expenses from Sixty to Thirty Millions.

ALBANY (N. Y.) Feb. 10.—The biggest investigation ever planned by any State Legislature—a thorough investigation of New York City's government—will be under way before the middle of April, according to statements made by legislative leaders here tonight.

The object of the investigation will be twofold: To probe the city's finances, and to suggest remedial legislation which will tend to lessen the cost of government in New York City.

The programme as outlined by a prominent legislator is as follows: A committee of fifteen consisting of five men skilled in budget making and in city administration and ten legislators will be created by a concurrent resolution to be introduced in the Senate within the next few weeks by a New York representative.

Five of the committee will be appointed by the Governor, five by the Senate and five by the Assembly.

An appropriation of \$25,000 will be asked for to enable the committee to do its work. Every department of the city government will be examined to see how economies can be effected.

Hearings will be held in New York City and administrative officers, from Mayor Mitchell down to his humblest appointees, will be called as witnesses.

Every cog in the municipal government will be examined carefully. The investigation is said to be fostered by the real estate and business interests of New York City, who fear that as things are running now, it will be only a short time before the city is plunged into bankruptcy.

When Gov. Whitman was asked about the proposed investigation he said: "I cannot discuss that now. I am not in a position to say anything about that—not now."

Senator E. R. Brown, majority leader of the Senate, was more communicative. He said the proposed investigation was an excellent one and that in his opinion, the administrative expenses of New York City's government, now amounting to about \$65,000,000, could be cut in half. He is also of the belief that the budget as a whole, amounting this year to \$198,588,765, is needlessly extravagant, and that only legislative interference can save the city from bankruptcy.

BANK CASHIER KILLS BANDIT.

HEROIC CINCINNATI OFFICIAL POOLS ROBBERS—KANSAS THIEVES TAKEN.

CINCINNATI, Feb. 10.—A pistol fight between William Cross, cashier of the Mohawk German Banking and Savings Company, and two men who attempted to rob the bank today, resulted in the death of one of the robbers. The other fled with \$700, but later was captured with the money.

When the robbers ordered Cross to put up his hands, he grabbed a pistol and fired. One robber seized a roll of bills lying on the counter and both fled. Cross followed, firing. One robber dropped in the doorway. The other later in a hospital. The other robber for several hours eluded the police. Cross was not injured.

BOY THIEVES CAPTURED.

YALE CENTER (Kan.) Feb. 10.—Two armed youths who locked W. J. O'Donnell, cashier of the State Exchange Bank here, in the bank vault today and fled with \$5000, were captured within a few hours two miles out of town and the money recovered. The boys refused to give their names. Miss Clara Winter, bookkeeper, discovered the cashier's plight when she returned from luncheon.

SACRAMENTO RIVER RISES SLIGHTLY.

ALTHOUGH BRISK RAIN FALLS FLOOD CONDITION IS THE SAME.

SACRAMENTO, Feb. 10.—Although a brisk rain is falling tonight, flood conditions at various points along the Sacramento River from Colusa to Knights Landing are unchanged. The river remained practically stationary here throughout the day.

At Knights Landing this morning the river was 17.1 feet, and by 4 o'clock it had risen only one-tenth of a foot.

At Colusa the river was 22.5 feet at 7 a.m., and fell slightly, registering 22.2 at 4 p.m.

HERD SHEEP BY AIRCRAFT.

Montana Ranchman Thinks It Will Prove Better than a Dog.

CHICAGO BUREAU OF THE TIMES, Feb. 10.—J. Stanley Smith, fashion setter for Montana modes of travel, is on his way East to place an order for a dirigible. It used to be a bucking bronco that carried the owner of the "Groveland 71" sheep ranch over his holdings. Then in 1906 an automobile was added to the plant—the first "buzz wagon." It is said that saw service in Montana. And now, well—Smith says that 1915 will see him floating over the Absarok forest reserves and "Crazy" Mountains in a sky machine. The "71" ranch consists of 75,000 acres, 45,000 acres personal and 30,000 acres leased property.

FEAR UPRISING IN DOMINION.

NORTHWEST MOUNTED POLICE ARE KEPT ON JOB.

Quarter of Million Austrians and Germans in Canada Made It Necessary for British Authorities to Keep Body of Armed Men Constantly on the Watch.

TORONTO (Ont.) Feb. 10.—A significant and sinister suggestion reaches this British metropolis from the western provinces of the Dominion. It may be expressed in query form: "Why is it that no member of the Northwest Mounted Police has gone to the war with the Canadian contingent?"

The answer is furnished by a prominent United Conservative who is not given to inaugurating sensations. It is: "Our western provinces contain some 250,000 Austrians and Germans. There are only 400,000 in the Dominion, so the western preponderance is evident. They are grouped in settlements, and may be assumed they are in communication with the Germans and Austrians of the Pacific Coast and of the interior. It is always a safe assumption that German agents, wherever they may be, are busy. Now, if 250,000 men were suddenly to rise in the West they would occasion some embarrassment. That is why the Northwest Mounted Police still form an intact body."

"The mounted police are practically the civil and criminal authorities of the Northwest, and if the Germans and Austrians of the western provinces were to revolt—rise, call it what you like—it would take those same mounted police to take care of them. There could be no doubt as to the final outcome of such an episode, but there can be no doubt that for a time such an affair would keep us busy."

"However, there is this to be said: Such action on the part of the 250,000 would mean a severe reverse for the allies. I am convinced. Such a reverse has not yet been recorded, and, I trust, never will be."

TAILORS' PARADE IS STARTLING.

FLANNELS AND CREAMY SILK AMID CHICAGO SNOW.

Sartorial Elegance on Michigan Avenue a Foretaste of What Is Coming this Summer. When Pongees and Suitings Made in America Will Be the Thing.

CHICAGO BUREAU OF THE TIMES, Feb. 10.—Snowy flannels and creamy silk suits of featherweight texture, Panama hats, white canvas shoes and gauzy white shirts and stockings were a startling contrast to the dingy snow banks of Grant Park today as members of the National Association of Merchant Tailors paraded jauntily on Michigan avenue to give Chicagoans a foretaste of what fashion has decreed for masculine wear next summer.

Crowds gathered staring on the sidewalks and curious motor drivers threatened to tie up traffic as the dauntless delegation, headed by John E. Starnes and John J. Maypole of the Exhibit Committee, stepped from the Congress Hotel and proceeded down the boulevard. Many stopped to deride, then followed to admire the procession of sartorial elegance. The traffic cop on the corner scratched his head and looked again, but the gait of the stroller was steady and no section of the city code seemed to apply.

"It is a sign of spring," he decided. "The Tailors' Association is advocating strongly the wearing of silk and pongee clothing by men in summer."

"Absolutely an American article," said Frederick T. Croomborg, fashion publisher. "Not an imported item in their make-up. The silks, in pongees and special suitings, come from the mills at Paterson, N. J., and Americans will appreciate their coolness as a summer garment and wear them."

There were attestations as to their "coolness" when the parade returned to the hotel. There was further display of novel warm weather wear by the gathered sailors in Fouquet alley at the Congress this evening.

Her Love Valued at Quarter-Million.

Mrs. Max Kleist, Formerly Miss Juliet Breitung, daughter of the owner of the Dacia, who, her husband says, made love to him first. Kleist now asks \$250,000 damages from E. N. Breitung in an alienation suit.

GERMANS AND RUSSIANS BOTH USING BAYONETS.

Battle Without Precedent in History Described on Galician Side of Tuholka Pass, Where Invaders Were Finally Forced Back by an Enflaming Fire. Slavs Make Important Advance on Vistula.

LONDON, Feb. 10.—Under mid-winter conditions, the Russian and Austro-German armies are fighting another series of battles for possession of the Carpathian passes, which will decide whether the Russian troops will commence another invasion of Hungary or be compelled to evacuate part of Galicia, as they have done Bukovina.

The Russians have issued two official reports of the operations, according to which they have thus far had all the better of the fighting. The Russian lines during the last week, and so far as can be judged by official and unofficial reports, has been just as unsuccessful for the Germans. The latter have now assumed the offensive on the southern border of East Prussia and as a result another important battle is developing in that region. The battle in the northern part of East Prussia neither official communication speaks.

At the other extreme end of the line—in Bukovina—the Russians are falling back before superior Austrian forces, but still hold the greater part of that province.

ADVANCE ON VISTULA. From Rome comes the report that the battle is said by correspond-

ents to have been terrific. The Germans brought up their best reinforcements to aid the Austrian army and themselves led the attack. Backed by heavy artillery, they assaulted the Russian position on the heights of Kozlowka, but found themselves under an enflaming fire from the Russians on parallel hills and were cut off from the main German column. They were then attacked by the Russian infantry, who drove them back at the point of the bayonet.

Attack followed counter-attack until the Russians had regained their old positions, leaving the slopes, according to their report, "littered with bodies of dead Germans."

The fighting here seems to have been as desperate and sanguinary as that which has taken place before the Warsaw lines during the last week, and so far as can be judged by official and unofficial reports, has been just as unsuccessful for the Germans. The latter have now assumed the offensive on the southern border of East Prussia and as a result another important battle is developing in that region. The battle in the northern part of East Prussia neither official communication speaks.

At the other extreme end of the line—in Bukovina—the Russians are falling back before superior Austrian forces, but still hold the greater part of that province.

SHE HELD HIS HAND.

And It Rendered Him Speechless.

Romeo of the Garden Now Asks Spot Cash in Lieu of His Juliet.

Banker Breitung, Owner of Ship Dacia, Resists Suit for Quarter Million.

Witness Says He Threatened His Son-in-law for Wearing His Socks.

NEW YORK BUREAU OF THE TIMES, Feb. 10.—Max Kleist, who is suing E. N. Breitung, mine and ship owner, for \$250,000 for the alienation of his wife's affections, on the witness stand today asserted that Miss Juliet Breitung, daughter of the defendant, had taken the initiative in the love-making that ended in their marriage.

The case is of forty-two-centimeter interest at this time, as Mr. Breitung is the owner of the steamship Dacia, that promises to create a grave issue between the United States and England.

Kleist declared Miss Breitung had held his hand before he ever attempted to hold hers. This rendered him "speechless," he said.

Kleist further said Miss Breitung was the first to ask for a kiss, which he imprinted on her cheek, and then she proposed that he marry her. And then he said he never drank or smoked cigarettes until she taught him. This evidence was brought out in the cross-examination conducted by Delaney Nicoll.

Kleist, a Michigan farmer boy, who afterward became a gardener and chauffeur, apparently took delight in telling of his romance and his utterances at times provoked laughter, Judge Hand himself concealing his mirth with his handkerchief.

Kleist told of his first interview with Mr. Breitung and Mrs. Breitung after the marriage, at which time he was wearing socks he said his wife gave him. He also had a diamond pin at home which she had given him, he said.

"Did you tell Mr. Breitung that you had on his socks and had his pin at home?"

"No, he could see the socks."

Kleist then told of the "proposition" he said Mr. Breitung offered him in the way of an opportunity to become a mine and ship owner in New Mexico, with an alternative offer of a job in a British Columbia lumber camp.

Kleist said that Mr. Breitung threatened to have him arrested for stealing his socks if he did not accept the New Mexico proposition, and he accepted it, he said.

Kleist told of having to descend daily into the bottom of the deepest shaft in the New Mexico mine, reaching the bottom by allowing himself to be lowered in a huge bucket.

"While you were working there in the shaft, did a heavy bucket of stones and dirt ever fall down the shaft?" asked Kleist's lawyer.

"Yes, lots of times."

"Were you ever instructed to set off dynamite at the bottom of the shaft?"

"Once."

"How did you get out yourself?"

"I had to be pulled up the shaft in the bucket, and then had to run through a 400-foot tunnel to another shaft."

WOMAN SCALPED IN A LAUNDRY.

SOLE CHANCE FOR RECOVERY IN OPERATION FOR SKIN GRAFTING.

OAKLAND, Feb. 10.—Literally scalped when her hair became tangled in the machinery of a laundry at Pinole, Cal., where she was employed, Mrs. J. H. Dalton has lain in an Oakland hospital in a serious condition for several days.

The attending physicians said today that Mrs. Dalton's sole chance for recovery depends upon the outcome of a skin-grafting operation which will be performed within a few days if volunteers are found who will relinquish 216 square inches of cuticle necessary to replace that torn from her head, which was denuded completely of hair. One ear also was torn away.

ICE RINK FROM SKIES.

SAN FRANCISCO, Feb. 10.—Half an inch of hail fell today on Point Reyes, thirty miles north of here, and remained on the ground several hours before it melted.

PEANUT KING DEAD.

NEW YORK BUREAU OF THE TIMES, Feb. 10.—Virginia's millionaire peanut king, Pembroke Gwaltney, died suddenly today.

ACQUIT WILSON AND WILBRAND.
JURY RETURNS VERDICT AFTER FIVE MINUTES' DEBATE IN SAN FRANCISCO.

[BY A. P. NIGHT WIRE.]
SAN FRANCISCO, Feb. 10.—J. C. Wilson and R. A. Wilbrand, former members of the failed stock-broking firm of J. C. Wilson & Co., which had branches in the principal cities of the Pacific Coast, were acquitted here today of embezzling \$17,400 from Louis Roenthal, one of their clients.
The accused brokers based their defense upon the statement that they were unable either to realize on assets or to make delivery of the stocks bought by clients because the stock exchanges were closed on account of war in Europe. The firm of J. C. Wilson & Co. failed shortly after the outbreak of hostilities.
The jury brought in its verdict after five minutes' deliberation.

STEAMER GOES ASHORE.
British Ship African Transport Breaks Tow and Runs on Rocks in Humboldt Bay.

[BY A. P. NIGHT WIRE.]
SAN FRANCISCO, Feb. 10.—Advice reaching the Chamber of Commerce here today report the British steamer African Transport aground on Ducksport Shoals in Humboldt Bay. Today's dispatches, which were delayed by the storm conditions, stated that the steamer, partially loaded, was leaving the Eureka harbor in tow, February 7, when the towing hawser parted and the vessel was cast adrift. The vessel's anchors were lost shortly afterward and she was unable to avoid the shoals.
The African Transport was bound to San Francisco, where she was to complete her cargo for Australia. As far as can be learned, all efforts to float her have been in vain.

ENGLISH ARMY THREE MILLIONS.
Latest Financial Estimate Provides for Fast Host.

[BY ATLANTIC CABLE AND A. P.]
LONDON, Feb. 10.—After two days of debate, during which many matters in connection with the war were discussed, the House of Commons passed tonight without division the army estimates of 3,000,000 men, exclusive of Indians, and also a "token" vote provided for the pay of the officers and men. By this vote the government will receive a blank check for this purpose.
Replying to points raised by members of the House, Harold Tennant, parliamentary Undersecretary for War, said that in case of a raid on England, Gen. Sir Ian Hamilton was considering its adoption. The government was ready to go anywhere at any time. There was considerable discussion of the question of inoculation against disease, in reply to which Mr. Tennant declared the sentiment in favor of compulsory inoculation was increasing. It is considered that the government was not to admit tonight that the cause was lost. Anticipating a break in the Senate, President Wilson had favored the ship purchase bill, and the House Republicans insist that the bill will continue until the end of the session, no matter what the administration forces may accomplish on the House side.

Anticipating a break in the Senate, President Wilson had favored the ship purchase bill, and the House Republicans insist that the bill will continue until the end of the session, no matter what the administration forces may accomplish on the House side.

AGRICULTURAL CENSUS.
Money for the Work Provided in the Legislative, Executive and Judicial Appropriation Bill.

WASHINGTON, Feb. 10.—The Senate Appropriations Committee today reported the Legislative, Executive and Judicial Appropriation Bill, carrying \$29,537,303.50, an increase of \$2,082,670 over the total as it passed the House. Of this, \$2,286,100 was added for an agricultural census.

SHIP BILL COLLAPSES.
Continued from First Page.

Republican Senators. Kenyon is one of the Republican Senators who have been helping the administration Democrats to force through the ship purchase bill.
FILIBUSTERS WIN AN ADJOURNMENT.
[BY A. P. NIGHT WIRE.]
WASHINGTON, Feb. 10.—Republican and Democratic Senators who oppose the government ship-purchase bill, aided by Senators Norris and Kenyon, Progressive Republicans, who have stood by the bill, forced an adjournment tonight of the longest continuous session in the history of the Senate, and made more uncertain than ever the fate of the measure, which the administration has so urgently pressed upon Congress.
Upon the adjournment, after fifty-four hours of debate, members of both houses of Congress conceded that an extra session, to be called soon after March 1, was inevitable. There were some, however, who still hoped that there yet might be time to dispose of appropriation bills and other ship-purchase measure in some form before adjournment.
Adjournment came on a motion made by Senator O'Gorman, which prevailed 48 to 46, after Senator Norris had declared his intention to filibuster, and the ship purchase bill could not be brought to a vote.
Disputes over the bill, which was supported from the Progressive Republicans, but still hopeful that something yet could be done to save the bill, adjourned at 11 o'clock. The Senate was not to admit tonight that the cause was lost. Anticipating a break in the Senate, President Wilson had favored the ship purchase bill, and the House Republicans insist that the bill will continue until the end of the session, no matter what the administration forces may accomplish on the House side.

HOUSE PROGRAMME.
While Democratic Senators are deliberating on the next move to be made, House Democrats may take up the fight. To this end President Wilson today held a series of conferences with House members, including Representatives Underwood, Kitchin, Henry, Alexander, Adamson, Flood and Fajett. It is understood that the programme tentatively agreed upon is as follows:

The Weeks bill, already passed in the Senate, to be taken up in the House as soon as the proposed Civil Bill is disposed of, everything after the enacting clause to be stricken out and the Gore substitute ship purchase bill passed by the House. The Gore bill, which was passed by the House, is a measure to provide for the purchase of ships for the United States Navy.

The Gore bill, which was passed by the House, is a measure to provide for the purchase of ships for the United States Navy. The Gore bill, which was passed by the House, is a measure to provide for the purchase of ships for the United States Navy.

FAIR ONES, BE CAREFUL.
Proposed Law in Kansas May Doom Our Beautiful Women.

[BY A. P. NIGHT WIRE.]
TOPEKA (Kan.), Feb. 10.—Kansas women under 45 years of age who wear ear ornaments or treat their faces with cosmetics "for the purpose of creating a false impression" will be guilty of misdemeanors and upon conviction be subject to fines, if a bill introduced today in the lower house of the Legislature by Representative S. McGinnis becomes a law. Face powder, perfume, false hair and bleaching materials for the hair are among the articles the bill would forbid women to use.
The bill provides that if a woman may not have their ears pierced or wear earrings "at parties or in any public place."

PRICE RAISED IN NEW YORK.
Bakers of Chicago Union Men Paid More than Their Superiors.

[BY A. P. NIGHT WIRE.]
CHICAGO, Feb. 10.—Chicago bakers will co-operate with the Master Bakers' Association in demanding that Congress pass a day embargo on ships from American ports.
Reports from large cities of the country indicate that the bakery business has increased since the price of flour was raised. In Chicago, the Master Bakers' Association, according to the Chicago Tribune, is demanding that Congress pass a day embargo on ships from American ports.

ANOTHER BRITISH LINER FLIES AMERICAN FLAG.
NEW YORK, Feb. 10.—Officials of the Cunard Steamship Company admitted tonight that the steamer Orduña, which arrived in this port from Liverpool today, flew a "neutral flag" for a time while she was clearing the Irish coast. This statement was made after a number of the passengers on the British liner had declared that for nearly twenty-four hours on January 31 she flew the Stars and Stripes while passing through the Irish Sea.

These passengers asserted that the American flag was flying aft, indicating the nationality of the vessel. On behalf of the line a denial was made during the day that the Orduña had flown the flag except at the foremost.

Blood Remedy Sustains World

Myriads Have Learned of Its Remarkable Curative Value.

From the very fact that S. S. S., the famous blood purifier is a natural medicine, it is opposed by those who can not give up mercury and other dangerous drugs. Habit is a strange master. Afflicted people use mercury with a blind faith, they cling to the fast disappearing treatment so surely and positively being replaced by S. S. S., wherever the light strikes in. S. S. S. is fast becoming the world's panacea for all blood troubles because it is welcome to a weak stomach, it is taken naturally into the blood, it is a wave of purifying influence known by its remarkable curative results, and is the standby of a host of people. It goes into the blood and remains a strong medicinal influence to the end and this without any other effect than that of a purely cleansing property.

It is the most universally recommended blood remedy known, and has sustained its reputation for half a century. Its ingredients are Nature's definite antidotes for germs that create our worst afflictions. Get a bottle today of any druggist. Before substituting. Write the medical department, The Swift Specific Co., 62 Swift Bldg., Atlanta, Ga., for free advice on blood troubles, and how to overcome them. This department is one of the finest helps to men to be found anywhere, and it is entirely free.

Indigestion & Stomach Trouble
Chronic, or of Long Standing, successfully treated with

STOMALIX
Physicians prescribe it, confident that they have an absolute and effective remedy for dyspepsia, indigestion, Ulcerated Stomach, Catarrh of the Intestines, Gastric Pain, etc.

WILSON SENDS ANOTHER ENVOY

Maybe the Thirteenth May End Trouble in Mexico.

But Where are Lind, Dr. Tupper and the Rest?

Bull Fights Thrive, People Can't Afford Bread.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Feb. 10.—Duval West, former United States District Attorney at San Antonio, Tex., was selected today to go to Mexico as the personal representative of President Wilson.

Secretary Bryan announced Mr. West's selection. The mission is similar to that of Paul Fuller, who some time ago conferred with the various leaders and returned to this country with his reports. Mr. West carries no written instructions, but is commissioned to make general inquiries into the conditions, interview the principal leaders, including Carranza, Villa and Zapata and make clear to them the position of the United States government with respect to the protection of foreigners and their interests.

The length of time the President's envoy will spend in Mexico has not been determined nor has any announcement been made as to whether he will see Carranza or Villa first. Eventually he will go to Mexico City, there to operate with the Brazilian Minister who is caring for American interests, and John R. Sullivan, also acting for this government.

It is understood that while Mr. West will point out the growing necessity for a permanent settlement of affairs in Mexico, he does not take any plan or suggestions from the United States. He has lived a number of years in Mexico and is understood to be generally familiar with the situation in the southern republic.

OFF TO SAN ANTONIO.
After conferences with President Wilson and Secretary Bryan, Mr. West left tonight for his home in San Antonio, Tex., from which point he probably will go to Vera Cruz to talk with General Carranza.

News of the military situation in Mexico reaching the State Department today was brief. Further reports of the defeat of the Carranza forces at Monterrey were received with the information that about 1000 wounded troops have been put on trains and sent from the scene of the battle to the border. Work on the fortifications around Tampico "is proceeding energetically," according to a Department telegram, in anticipation of an attack by Villa forces. The gunboats Zaragoza and Libertad have arrived with additional Carranza troops from Vera Cruz.

Enrique C. Lorente, Washington representative of Gen. Villa, received a telegram from the latter saying he personally captured with his forces a station just in front of Guadalajara

CHARGE ATTEMPT TO BUY OFFICE

FIVE MORE ARRESTS IN TERRE HAUTE ELECTION.

Politicians Who Were Candidates for County Offices and Opponent to Present Congressman will be Arraigned Before Federal Judge Anderson at Indianapolis.

(BY A. P. NIGHT WIRE.)
INDIANAPOLIS, Feb. 10.—Roy L. Shattuck of Brazil, Ind. Republican, who opposed Congressman Ralph W. Moss for re-election in 1914 and the four Republican candidates for Vice county offices in 1914, who were arrested on Federal indictments today, will be arraigned before United States District Judge A. B. Anderson here on February 25. The five arrested today were released on bond.

The four arrested in Terre Haute are: Warren Soules, candidate for County Treasurer; William F. Sears, candidate for County Recorder; William E. Myers, candidate for County Assessor; and Morton H. Holmes, candidate for County Commissioner.

At the office of United States District Attorney Frank C. Dailey here it was announced that the arrests today completed the Federal investigation of the election in Terre Haute of November 2, 1914, during which indictments were returned against 131 persons, of whom 120 had been arrested. Eighty-four of those arrested have pleaded guilty and thirty-one not guilty, twenty-seven making the plea after their demurrer had been overruled by Judge Anderson. Five will plead February 25.

The alleged conspiracy which caused today's arrests, include charges that the defendants tried to buy the last election for themselves and it is alleged to interlock the conspiracy, named in the first indictment, which was against Democrats and "Progressives."

The Republicans indicted are said to have given Donn M. Roberts, who dominated Democratic politics in Terre Haute, part of \$1000 they are alleged to have paid to insure their election. Roberts, who is Mayor of Terre Haute, is under indictment for alleged election frauds. The Republicans were not elected.

TAKEN INTO CUSTODY.
(BY A. P. NIGHT WIRE.)
TERRE HAUTE (Ind.) Feb. 10.—Several additional arrests were made today in connection with the so-called Terre Haute election conspiracy cases which resulted last December in the arrest of more than a hundred men. The men taken into custody this morning by United States Marshal Mark Storen were:

William Sears, Republican candidate for County Recorder in the last election; Warren Soules, Republican candidate for Treasurer; Morton Holmes, Republican candidate for County Commissioner; and William E. Myers, Republican candidate for Assessor. All were released on \$2500 bond. Roy L. Shattuck, Republican candidate for Congress from the Fifth Indiana District at the election of last November, was arrested at Brazil, Ind. He gave bond in the sum of \$5000.

LUMBER COMPANY WILL CONTINUE

NO RECEIVER TO BE ASKED FOR C. A. SMITH TIMBER CONCERN.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
CHICAGO BUREAU OF THE TIMES, Feb. 10.—The Liquidating Committee which has charge of the affairs of the C. A. Smith Timber Company, which, because of present financial conditions has been unable to obtain money to meet its obligations, is making rapid progress in getting the affairs of the company straightened out. There will be no receiver asked for and no court action will be taken. When the affairs of the lumber company are finally straightened out it will continue in operation.

The lumber company owns five large tracts of timber land, four of which are unoperated. It is proposed to sell these four tracts and it is believed that plenty of money will be realized to pay off all the debts and turn over a large sum to the timber company. The lumber concern operates on only one of the timber tracts so there will be no danger of its being forced to cease operation.

C. A. Smith, who owns all the capital stock of the company, has been in Chicago several weeks and has held several conferences with bondholders and the Liquidating Committee.

BIG OIL COMPANY TO BUILD DOCK

RIVAL OF STANDARD TO SPEND LARGE SUM ON PORTLAND WATER FRONT.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
PORTLAND (Or.) Feb. 10.—Out of a fund of more than \$500,000 to be spent this year on the Pacific Coast by the Shell Company, a rival of the Standard Oil Company, approximately \$500,000 will be paid for acquisition of water-front property just below Portland, erection of a dock, oil tanks and auxiliary structures and for filling stations in this city.

This was the announcement made today here by W. Melchior Smith of London and San Francisco, representing the Shell Company.

"Ocean-going tankers carrying gasoline, kerosene, distillate, lubricants and fuel oil from the company's refineries at Martinez, near San Francisco, will be brought direct to the new tanks at Will Bridge," said Mr. Smith. "Headquarters for Oregon will be opened in Portland."

QUICK TRIAL FOR PLUMBERS

JURY PROMPTLY ANTI-TRUST

Thirty-six employees of the National Association of Plumbers and Pipefitters, who are charged with violating Sherman law, are being tried in the United States District Court here today. The jury, which was selected from the anti-trust law, returned a verdict of guilty for the government, ordering the trial to be continued to the 15th inst. The court work that has been done in the case has been completed. The jury, which was selected from the anti-trust law, returned a verdict of guilty for the government, ordering the trial to be continued to the 15th inst. The court work that has been done in the case has been completed.

The defendants, who have been charged with violating Sherman law, are being tried in the United States District Court here today. The jury, which was selected from the anti-trust law, returned a verdict of guilty for the government, ordering the trial to be continued to the 15th inst. The court work that has been done in the case has been completed.

Received With Popular Favor

From the number of inquiries and early entries received it is evident that The Times Automobile Campaign has met with the public's instant approval. Every young woman should grasp this opportunity.

Send in a Nomination Today—Use This Blank
Thirty-two Exposition Tours
12—Luxurious Automobiles Free—12

HOW TO ENTER
Send in your name or the name of the lady who is to be nominated as a candidate to the Los Angeles Times Campaign Manager.
A nomination blank appears today, which can be used for that purpose. Each candidate is entitled to one nomination, counting 2000 votes to her credit, on entering. There are no obligations attached to entering this campaign, and it costs absolutely nothing to try.
Any girl or lady (married or single) of respectable standing is eligible to enter.
The forty-four prizes will be given to the candidates polling the largest vote totals during the campaign. The twelve automobiles will be awarded to the twelve highest candidates regardless of district. In each of the sixteen districts two trips to the exhibitions will be given to the two next highest candidates after the automobile winners have been decided.

LOS ANGELES TIMES FIRST SUBSCRIPTION COUPON
TO HELP YOU GET AN EARLY START.
Return this coupon with any subscription payment, either old or new, of three months or longer, and you will receive, in addition to the regular number of votes given as shown in published schedule.

8000 EXTRA VOTES

Name of Subscriber
Address (Old or New)
Contestant's Name District No.

This blank, accompanied by the nomination blank and a subscription, starts a candidate with over 10,000 votes in the campaign.

ONLY ONE OF THESE CREDITED TO EACH CANDIDATE.

- COMPLETE PRIZE LIST**
- 1 \$1875 CHAMBERS SIX, 1915 MODEL, seven-passenger touring car, fully equipped.
 - 1 \$1485 APPERSON JACKRABBIT, 1915 MODEL, five-passenger touring car, fully equipped.

TREND OF THE FINANCIAL NEWS.

CHIEF EVENTS OF YESTERDAY.

(At Home.) Resumption of the imports of gold from foreign lands, a large increase in unfilled steel tonnage, new financing by several of the larger railroad systems which indicates renewed activity in betterments and extensions, and the restoration of dividends by large concerns were encouraging factors in the general business world. Nearly \$200,000,000 is to be spent by eastern railroads in new work. The quarterly bank statement of reserve banks was especially favorable, showing a good increase in loans which were put in business channels.

(Abroad.) The Imperial Bank of Germany added \$5,000,000 to its gold reserve during the past week.

(For details, see financial pages.)

SQUARING ITSELF.

The City Council needn't worry because it couldn't head off the Clansman. It passed its little resolution in all good faith which squares it with its constituency. Angels could do no more.

UNPREPARED FOR EMERGENCIES.

They threaten to vacillate the whole Arizona Legislature as a precaution against smallpox. It is a blessed good thing for that august body that its members have not been exposed to snake bites.

A GOOD LAW.

Being at least partly human, it may be that you can understand that law of compensation which gives you one thing in the absence of something else. That being the case, you might as well pretend that it is pleasant to be alive.

READ MUSIC.

The Mayor of San Francisco put his ear to the telephone and listened to music in a banquet room of the Hotel Astor in New York. We trust that when he was through he walked out into a California garden and listened for five minutes to the mocking birds in a honeysuckle vine.

TOO FINE TO BE SEEN.

Somebody asked us what has become of the process to feed people in capsules. We don't know, but we imagine the idea refined itself until it floated off into the invisibility. Somebody is always thinking up some scheme to get away from breakfast and onions, but up to date nobody has ever made anything of the sort stick.

A DANGEROUS HABIT.

We are sorry that some of the thieves in town are taking up literature. It is not so profitable as their own business and may get them into trouble. We notice that some of them have been leaving notes in the homes and in some of the safes that they are robbing. They will get so strong with this work if they are not careful that they will open themselves to a breach-of-promise suit.

FRANK ABOUT IT.

Race prejudice is something which nobody wants to confess but which nearly all of us possess in some degree. We don't have to be mean about it or unfair in any way, but deep down in our hearts we know it is there. Of course, if we want to sneak away from it as we do from so many of the unpleasant facts of life, we can pretend to be horrified when any phase of it comes out in the open. On the other hand, it is not a pleasant trait of human nature and not any kind of drink or a treat. The world is really full of people who will lean over a keg of dry powder with a burning match in their hands and then be astonished when something happens.

OPTIMIST WILSON.

In his address before the American Electric Railway Association President Wilson sang his favorite ballad, "There's a good time coming, boys, wait a little longer." The President said:

"It seems to me that I can say with a good deal of confidence that we are upon the eve of a new era of enterprise and of prosperity. Enterprise has been checked in this country for almost twenty years, because men were moving amongst a maze of interrogation points. They did not know what was going to happen to them."

The popular opinion is that the President has increased rather than decreased the supply of interrogation points. He has fostered the enactment of more meddlesome and muddled laws to harass the business of the country than all of his predecessors from Andrew Jackson down.

H. G. WELLS CLIMBING.

"The Wife of Sir Isaac Harman" is the title of H. G. Wells' latest book and it is interesting to see how Wells is gradually working his way in high society.

Once he was content to make his hero Kippis, the draper, and in Mr. Polly, Mr. Lawshaw, Tono Bungay he moved in very plebeian society. But in "The Passionate Friends" the aristocracy were all over the place, and now his heroine is "intuitively an aristocrat," and, for a Socialist, H. G. Wells really paints her very sympathetically. She suffers so from the coarse ideas of her parvenu husband whose title has been politically purchased.

It is to be hoped that the war has not interrupted the Wells social progress. With any luck his next book should be called "Her Grace's Soulmate" and we shall see our Wells giving the Duke a good-natured thump on the back and telling him to "Mind the step."

A TWO-BIT SOCIALIST.

In 1900 Eugene V. Debs, as the Socialist nominee for President, received 87,613 votes. In 1904 he was again nominated and received 402,823 votes. In 1908 he was nominated for a third time and received 420,793 votes and in 1912 he was for the fourth time the Socialist nominee for President and received 901,839 votes.

Debs, Gompers, Darrow and Harriman are generally known as Socialists for revenue only. Debs collects \$5000 per annum and expenses as an officer of that band of brotherhood of beer and bawling known as the I.W.W. and, to increase this pittance, he is now on a lecturing tour, peddling the utterance of Proudhon and Marx, mixed with his own platitudinous verbosity to audiences at 25 cents per head. The fact that 79,201 voters in California cast their ballots for him encouraged him to select this State for his lecturing experiment, which has been financially successful, for he has secured audiences who attended from curiosity, refrained from hissing him through generosity, did not believe a word that he said, and started for the door before he was one-half through with his dreary drivel.

The Socialist candidate for President is a long, long way from being an orator. The hard-handed men of Athens are supposed to have paid an admission fee of an obolus each to see and hear their leader, Nick Bottom the weaver, participate in the representation of the "lamentable comedy" of Pyramus and Thisbe. Bottom was undecided as to whether he would appear as a lion, a sucking dove or a hole in the wall. But his final appearance, according to Shakespeare, was in the character of an ass.

The Times would not be guilty of the discourtesy of comparing Eugene V. Debs to the prophet, priest and king of the I.W.W.—to the lowly animal of unilluminated paragon who was ridden into Jerusalem by the Savior of mankind, yet there are not wanting men and women who listened with mingled sentiments of amusement and disgust to the mental meanderings of the lecturer who was impractical in everything but reaching for his gate receipts, who do not hesitate to compare him to Bottom the weaver.

Mr. Debs is not an assylum escapee although his utterances occasionally remind you of one. He is certainly thrifty, for in addition to the \$5000 per annum he collects from servant girls and labor unions for misleading them, he picks up probably double that sum by prating platitudes on politico-economic subjects about which he knows nothing, or less than nothing if that were possible.

Mr. Debs states in the lecture he is peddling that the present European war is a "capitalistic carnage." The capitalists of Europe, he says, gratified their greed by voting for the partial destruction of their own property, and incurring what was left with an enormous debt. He further said, "We Socialists are working to the end that war shall cease the world no more." Mr. Debs made no mention of the fact that the Socialists in the Reichstag voted solidly for the war, and that tens of thousands of them are in both the German and French armies.

Mr. Debs' argument is that inasmuch as the working class made all the hammers and saws, and plows, and steam engines, and other instrumentalities of production, therefore the working class has the exclusive right to own all the tools and all the machinery.

Mr. Debs' lecture is not worth the 25 cents admission fee. The ideas he advanced are hoary and decrepit with age. The language in which they are clothed is very commonplace. His elocution vibrates between a whine, a whimper and a sneeze. But notwithstanding this kindly criticism Mr. Debs will probably keep on yawning. There are seventy-three towns in California in which there are enough Socialists to afford Mr. Debs an audience and he can play them all—once.

ANOTHER BLOW AT LABOR UNIONS.

In the Danbury haters' case the affirmation by the Supreme Court of the United States of a decree ordering the Danbury Hatters' Union to pay the heavy damages rendered against them for their boycott, has tended to throw discredit upon labor-unions and especially upon its misadviser, Sam Gompers.

The United States Supreme Court has struck another blow at labor-unions by its decision in the case of the State of Kansas versus a railway superintendent charged with violation of a statute of Kansas forbidding employers to require as a condition of employment that the employee should not join a labor union. The judge decided, as reported in a Boston Journal, that there cannot be one rule of liberty for the labor organization or its members, and a different and more restrictive rule for employers without substantially altering the democratic basis of the national fabric. "The legitimacy of the labor organization, its right to exist and to define the terms of its own membership, are reaffirmed. It may decree that it will not admit men to its membership who will work with non-union labor; but it cannot," says the court, "forbid an individual or a corporation from making employment conditional on non-unionism. The power which the trades union claims for itself it must concede to the employer."

HERE FOR KEEPS.

El Paso is kind enough to telegraph us that the travel to California is so heavy that the Rock Island has been compelled to run its Golden State Limited trains in three sections instead of one and two. California knows no strangers and our people have to be reminded by telegraph from somewhere else that the tourist is with us by the tens of thousands. We wonder if these people realize when they leave home that they are never going back?

PAYING THE FIDDLER.

We admire Congressman Mann exceedingly, and we see no reason why the United States should buy the Secretary of Labor an opera bus, but we are afraid that Representative Mann has not much experience with automobiles, judging from the figures he has offered Congress in exploiting the extravagance of Secretary Wilson in operating his cars. Garage bills of this size are nothing unusual. Even a man with a Ford knows that.

A Derelict.

The most dangerous thing afloat for the Democratic administration.
—[Caesare, in the New York Sun.]

TREASURE TROVE.

Some scattered coins recently washed up on the beach at Redondo have caused a decided flurry among those treasure hunters always on the look out for apparently unearned increment. Tremendous activity with rakes and shovels followed the rumor that Spanish gold had been washed ashore at Moonstone Bay. And of course more work was expended in actual time value in hunting up the stray coins than the coins themselves were worth when recovered.

We are in some respects not nearly as material and practical a people as we are supposed to be. The glamour of romance, the spell of the uncertain—not to say the lure of unadulterated chance—still draw a vast number of us more irresistibly than the humdrum sure things of just common work, plain and unpretentious, minus the frills and trimmings. How many are there who straining upward for the pot of gold at the end of the rainbow have not tripped over the bag of honest copper coins lying unregarded at their feet?

This last search for goblin gold along the romantic shores of the mystic ocean evidences again the poetry and the impracticality that are at once the joy and the despair of human life. Because there are so many vacant lots around Los Angeles where the same amount of elbow grease behind a shovel—followed by seed potatoes or the sowing of marrowfat peas or early lettuce—would produce a sure return in real money, especially since the land has been so thoroughly soaked down by the late generous rains. But no, we prefer a possible coin, blackened with sea salt and ground away by the shifting sands.

The digging for potatoes or turnips on prosaic city lots lacks the color and romance and poetry of seeking hidden treasure "upon the wild sea banks"; and, well, the heart and the imagination are still more potent agents to direct human actions than the head or the arithmetic book. And we must admit that the charm and fascination of Moonstone Beach is enough to lure one away from digging in lots, say along the line of the Pacific Electric junction the Los Angeles River and Covina junction.

RIGHTS DECISION.

The Legislature of Nebraska in the abjectness of its submission to the demands of union labor enacted the following statute:

"In all cities governed by this act, where work is performed upon the streets, sewers, boulevards, or in parks, etc., or by virtue of any contract with any person, company or corporation, for such city, shall be done by union labor and be paid for at the rate of two dollars per day."

An Omaha taxpayer—Mr. Wright—brought suit against Mayor Hector to test the validity of the statute, to enjoin the contractors from proceeding with the work and to cancel their contracts.

The court held that the clause in the law requiring the work to be performed only by union labor is void because it is unconstitutional in its plan, in conflict with the Constitution of the State, and contrary to the republican form of government. The decision, in part, follows:

(b) In effect the said provision excludes the unskilled laborer from the work which he is entitled to and compels the taxpayer to sustain the burden of an arbitrary rate not based upon the actual value of labor, and without reference to the going wages of the time, place and kind of labor to be performed.

(c) It takes the private property of the taxpayer without due process of law, and is in violation of section 3, of Article I of the Bill of Rights.

(d) It undertakes to support a privileged class at the expense of the taxpayer, and puts upon the latter a burden not contemplated by the laws of the State.

(e) It takes the property of one person and gives it to another without attempting just compensation.

(f) The contracts are not let under such terms as to admit of competition, and there is a disregard of that part of our law which provides that the Mayor and Council shall award such contracts to the lowest responsible bidder.

The decision is righteous and timely and will be approved by non-union laborers as well as by all fair-minded men.

One job has proven too much for the Sixty-third Congress—whether old Doc Cook discovered the North Pole will be left to its successor.

BUSINESS CHEER.

A Healthy Sign.

The Illinois Steel Company, at Milwaukee, starts up this morning with 1000 additional men. It is a branch of the United States Steel Corporation, and in view of the fact that since October it has been running very irregularly, it is accepted as a sign of general and permanent improvement in the iron business.

[Williamsport Sun.]

"Get Ready for Boom."

Opportunities offered by the European war for acquiring new business through persistent advertising are foreseen by some leading producers. In a brochure to the trade, the Welch Grape Juice Company says to a class to whom it refers as "quitters": "Go back and advertise. Get ready for the most tremendous business boom that any nation ever had. Build your factories bigger. Train more salesmen. Borrow more money. Go ahead, and thank God that you are alive, and that your family is alive, and that you are living in a land that is at peace, at a time when nearly the whole world is at war." [The Public Ledger.]

Business on Good Footing.

SHARON (Pa.)—Negotiations were closed here today by which a local company will make 1,500,000 pairs of woolen socks for the French army. [New York World.]

WHAT AMERICA NEEDS.

[Gammell Bradford, in The Youth's Companion.] Give the American people a great cause that they believe in and they will sacrifice everything—time, health, pleasure, luxury; but if they do not see the great cause, they will dally, dance, spend, gossip, now dawdle over a Sunday paper, and now drive an automobile in mad hurry to get nowhere.

One word will sum it all up. What we need most, east and west, is God. We have our churches, with splendid kitchens for social gatherings, with widely organized charities to meet the needs of this temporal life; but to the great mass of the American people the presence of God is not a real thing. They name His name with reverence, they respect the traditions their fathers have handed down to them; but for themselves they do not attempt to look farther than the hurry and the splendor and the business and the casual honesty of this world.

Somewhere, somewhere, through the outburst of a new revelation or the purifying of an old, the hearts of these hundred millions of people must be thrilled with an enthusiasm that will take them out of themselves and make them see their wealth, their prosperity, their material achievement as a mere vanity of vanities unless it is accompanied by the deeper life that is abiding and eternal.

Now the West, with that lavish hospitality, that large-hearted courtesy, which we all know so well, invites the whole nation, the whole world, to come and visit her, promising such royal entertainment as no one is better able to provide. It is to be hoped that the country will widely accept the invitation. We feel sure that all who do accept it will be astonished at the achievement of the West, at its energy, its courage, the magnificent scale on which it does things. And mingled with the astonishment let there be no sectional envy, no spirit of criticism, but let the outcome of this great effort be the obliteration of differences, so that all sections of the country may be drawn closer together, and that more and more there may be neither East nor West nor North nor South, but only one free, triumphant, man-loving, God-fearing America.

QUAKER SENTIMENTS.

[Philadelphia Record.] A course in the School of Experience lasts a lifetime.

A judicious critic is one who never forgets that he has faults of his own.

Misery likes company, but it is generally a case of unrequited perpetual motion.

The fellow who drinks too much never gets ahead, but he often gets a head.

You can't very well say of artificial ice that it is not what it is cracked up to be. It is the easiest thing in the world to be generous with things you don't want.

Many a married man wouldn't mind being tongue tied if he could only have a free foot.

Nell: I don't believe he has any bad habits. Belle: What a monstrous life he must lead.

Borrowwell: I have an old score to settle with you, Wigwag: I hope it's that \$20 you owe me.

Mrs. Buggins: It's a relief to find some people out when you call. Mr. Buggins: Yes, especially when you are playing poker.

Blobs: She looks like a woman of strength. Slobbs: You bet she is. That woman is sometimes strong enough to hold her tongue.

How Mother Knows.

[Cincinnati Enquirer.] Mother can always find out what father did when he stayed out until 3 a.m. She lets him tell all the things he did and then she knows that he did all the things he was afraid to mention.

CHICKENS AND COIN.

BY EUGENE BROWN.

Possession of a herd of self-centered hens is not of itself an infallible sign of great wealth. Some of our sunny reality brokers encourage the belief that a good-sized smear of fancy poultry means prosperity, but there is a responsibility and a liability that penalizes the gain.

For chickens must be fed and nurtured—must be pampered and coddled, else they will not cough up—or lay down, the maxima.

Wheat and bran are the staple foddies of the poultry yard, and just now they are going up in the elevator. The price is soaring, with no assurance of an early descent. At the same time the bottom has been dropping out of the egg market. It is a good deal like a factory cutting down the price of its product while the cost of all the raw material is advancing. The average man with his family pen of chickens is now paying \$3 a hundred for wheat and \$1.55 a sack for bran. A year ago at this time the prices were \$1.45 and \$1.35, respectively.

Some of the stores have been paying as little as 22 and 24 cents a dozen for eggs. A year ago the average hen could figure on drawing down 40 cents a dozen for her output. Nor have poultry prices kept pace with the advance in meat. Young roosters for roasting furnish about the same meat for the table there is today. People who have paid \$1.25 for gold dollars and sold them for 80 cents would know how the ordinary chicken fancier feels at this stage of the game.

Small wonder that many ranchers are thinning their feathered flocks. There is a boost in the price of everything that goes into a hen and at the same time the operations of Mr. Wilson's pet tariff compel her output to compete with the pauper poultry of Hongkong and Kiangchow, where the hens are fed on rain water and blue mud and where the older an egg is the better it is appreciated.

The chicken industry is all right for a habit or recreation, but hardly sufficient for a career. To engage in it requires considerable courage, untiring patience, a sunny disposition and about \$387, in cash. If you want to play the game in free-hand fashion you will presently discover that the hen takes everything on the menu card from soup to nuts—and the bill of fare is a corker. There are as many specialized brands of poultry food and egg stimulant as there are cures for rheumatism, which is going some.

What is called scratch feed is a staple diet and rather takes the place of the ham and eggs so popular with the human tummy. It contains all the way from seven to seventeen different ingredients, including wheat, barley, oats, kafir, Egyptian and field corn, charcoal, sunflower seed, oyster shell, gravel, dirt, and anything else that happens to be around the place.

Each dealer and fancier has his own favorite prescription for this fodder and is dead sure that his particular mixture is better than any other ever devised. There are the wet and dry mash, the egg mash and the sour mash, which are among our most popular. Also the corn and bran mash, which dealer will load you up with poultry mustard, bone meal, beet pulp, alfalfa meal, ground bone and other concoctions, all of which are supposed to compel a hen to lay in spite of an overweening disposition to shirk her functions.

An unsuspicious party can go into a hen supply house with a thousand dollar bill and if he yields to all the blandishments of the dealer he may have to borrow car fare home. There are more cures and stimulants than are carried by an Arkansas drug store.

A hen will eat anything a man will tackle and also take on a liberal helping of bugs and worms that the normal citizen will shy at. The older it is the better they seem to like it. The householder must raise all manner of green goods for his chickens and if deliveries are late they will futter over the fence into the garden patch and help themselves. An ordinary hen would hold herself a failure if she couldn't clean out the crop of young cabbage in a single morning.

There is plenty of exercise and occupation in maintaining a robust chicken ranch, but with fodder at inflation prices and eggs on the down grade the fancier is not likely to compete with Andy Carnegie in the presence of the assessor.

The only sure thing man is the thoughtful party who has a place big enough to raise all the stuff his birds can eat—and is doing it. If he has to go in the market and buy the Chicago Board of Trade and the war scare he may have to sell his limousine.

You can't make him believe that eggs are too high. He knows a heap sight better.

RIPLING RHYMES.

PLAIN WRITING.

Here's a simple rule—oh, heed it, as adown this world you tread—write your name so man can read it without standing on his head. We all get so many letters bearing signatures so vile, that we tear our hair and sweaters when we ought to sing and smile! When you make your name a jumble of fool flourishes and twists, the receiver's apt to grumble, "He has jam-jams in his wrists!" If your pen's a chronic skidder, making flourishes like those, you should pause once and consider how on others you impose. For it sets their nerves a-jangle, conning crazy signatures, striving hard to disentangle calligraphic stunts like yours. And they say, "What nerve is his'n? he thus takes up our time! He should spend ten years in prison, for his writing is a crime!" Some indulge in crazy writing, thinking that it's rather smart, but the reader's life it's blighting, and it breaks some weary heart. Men will curse you fully, freely, if your signature's insane; do not try to write like Greeley till you have a Greeley's brain.

Needs. [Young's Magazine:] Rose Stahl, whose sense of humor is infallible, contributes a "stork" story.

"Ethel, the six-year-old member of a very poor family, was told by her father that she had a new baby to grumble. 'He has jam-jams in his wrists!' If your pen's a chronic skidder, making flourishes like those, you should pause once and consider how on others you impose. For it sets their nerves a-jangle, conning crazy signatures, striving hard to disentangle calligraphic stunts like yours. And they say, 'What nerve is his'n? he thus takes up our time! He should spend ten years in prison, for his writing is a crime!' Some indulge in crazy writing, thinking that it's rather smart, but the reader's life it's blighting, and it breaks some weary heart. Men will curse you fully, freely, if your signature's insane; do not try to write like Greeley till you have a Greeley's brain."

WORDS FOR WIFE.

Come with me, love, when I go to the bank. Keep. Watch over a day new law. Brush from your eyelids the mist. Hasten to greet the moon. We will chase time in his old. Over the hills away. Out of the shadows and gloom. Into the stir of day.

Come with me, love, when I go to the bank. Covers the blushing cheek. Tell me in music the story. Shadow and sleep and dream. Lead me in spirit through. Over ethereal streams. Out of a work-a-day world. Into a night of dreams.

Come with me, love, when I go to the bank. Beckons, we know not where. Oh, if on earth I still be. Thine must I still be. Come in the form of a dream. Bring just the same old dream. Out of the duties and drudgery. Up to the stars above.

How Mother Knows.

[Cincinnati Enquirer.] Mother can always find out what father did when he stayed out until 3 a.m. She lets him tell all the things he did and then she knows that he did all the things he was afraid to mention.

Pen Points: By the Letters to "THE TIMES."

And now the flour trust is...

What has become of the man who used to greet me with a question, "Up for all day?"

One hundred English letters got off at 10 and 11 o'clock of Eden," so runs a headline in a too free indulgence in apples.

It is claimed that earthquakes for the liver. So are the guns—under certain circumstances.

President Wilson says the cause are caused by "psychological" A new name for the Democrats.

The leader of the equal peered at the result of the congress. Sufferin' Carrie Chapman.

The new Sultan of Egypt moustache than the former. There are other changes in the ment.

Conscription is threatened and the dodging English cannot Canada to avoid the draft. The crabs did in this country during the war.

The bill before the New Jersey taxing bachelors, from \$150. That is not enough to pay for the automobile or dog license.

The chickens of the Sultan on their backs waiting for their tied, ready for the move from tinople to Asia Minor. This is a item.

A brochure from the Department culture says: "Pullets must be tured before they will lay. Would we do without the arithmetic?"

A missionary writes home from the heathen over there want to know Christians are fighting about, and a sonary has not yet been able to reply.

Secretary Huston says that rows are good to eat. Does he mean rows or red birds advertised in name?

Secretary Bryan's young man, Cutright, who lost his diploma, talking in favor of the German wrong name. It should have been wrong.

The tring up of the appropriation making almost a necessity an of Congress, emphasizes the budget system, recommended by President Taft.

Why object to some form of training in all schools and colleges? The energies of the students might be expended in drilling as in sight, grades and cane-rushes.

Miss Lucy Burleson will continue peace of mind of many people. Her either marry Associate Justice McKeen or see to it that her picture does so often in the newspapers.

Bankers, capitalists and others in the affairs of the world are against labor. The most of the laborers at one time, and the laborers are laborers all of the time.

Testimony shows that the votes for Beckham, the vice president for United States Senator, tucky, was \$3 each. Another the high cost of campaigning.

The government is studying the price of cotton and is looking lowering the price of wheat. The friend of the administration says these two things are right, if they are.

A bill has been introduced in the Legislature dividing the commonwealth into two States, one to be known as the State of the West, and the other as the State of the East. He would call it Wilson—was it?

Gov. Ferris of Michigan says worthy information that he is scheming to get President Wilson elected. He says he will do it, if he is right, but we won't know the miscreant until the Republican Convention meets next year.

It indicates the trend of the John D. Rockefeller and Amos who have contributed millions to the educational and physical of the people, have to appear before a congressional committee and answer questions.

President Wilson will tell that the United States cannot the proposal of a "war" in the British Isles described in an question is, what is to be done about it?

WORDS FOR WIFE. Come with me, love, when I go to the bank. Keep. Watch over a day new law. Brush from your eyelids the mist. Hasten to greet the moon. We will chase time in his old. Over the hills away. Out of the shadows and gloom. Into the stir of day.

Come with me, love, when I go to the bank. Covers the blushing cheek. Tell me in music the story. Shadow and sleep and dream. Lead me in spirit through. Over ethereal streams. Out of a work-a-day world. Into a night of dreams.

Come with me, love, when I go to the bank. Beckons, we know not where. Oh, if on earth I still be. Thine must I still be. Come in the form of a dream. Bring just the same old dream. Out of the duties and drudgery. Up to the stars above.

How Mother Knows. [Cincinnati Enquirer.] Mother can always find out what father did when he stayed out until 3 a.m. She lets him tell all the things he did and then she knows that he did all the things he was afraid to mention.

BASSLER HAS SOME RECORD.

Jumps from Cash Boy to the Naps.

Meusil Threatens to Become Federal.

Love, Perritt, West Limber up Wings.

From cash boy to big leaguer. That's him. None other than little Johnny Bassler, who still has a little home when the curfew whistle toots in order to escape nestling between the carpet rugs that are used in the county rooming-houses. The youngest ball player in the big leagues—that's him again. The player who jumped from the counter hopping league directly to the big show—that's him once more, the little 19-year-old Cleveland Nap backstop, whom Cap Dillon has been dicker for during the past few days.

Undoubtedly Bassler found his way into the big tent quicker than any other player known to the nuts in general. The rise of Johnny has been with considerable speed, in fact, he took the corners on one life. It required but one full game to convince George Stovall that Bassler was a regular ball player. Three winters ago Bassler was the leading cash boy at Mullen & Bluetta, and his salary resembled something like \$15 per week. The following Sunday Johnny fell heir to a salary that runs up into the thousands, and does not stop until a few extra dollars have been hung on.

Bob Camp was running a winter ball club here a few winters ago under the name of East Side Brewers. A game had been arranged with the Urbia Stars of San Bernardino, and Camp had banked on having Ted Easterly to catch for him. When it came train time Ted was not among those standing on the station-house platform.

It was too late to scour around the city for a regular league catcher, so one of the players told Camp to get Bassler. Johnny was pulled from bed by the "phone rings, and a few minutes later came tearing into the Salt Lake Depot with a half packed suit roll in one arm and trying to properly adjust his collar with the other. It may be stated that this collar looked as though it had been purchased in a harness shop.

Walter Leverenz was pitching for the East Side Brewers in those days. In fact, it was necessary for Camp to have a good boxman as San Bernardino had quite a ball club that winter. Dave Altier, Bert Nelhoff, Lou Smith, Huijter Walsh, Sam Agnew and Heinie Heitmueller being their line-up. Bassler had Leverenz, seen Leverenz before meeting him in the clubhouse at Urbia Springs. There the two fixed up the signals and little Bassler tendered shelter to Leverenz's delivery as though he had been catching him his whole life.

George Stovall and Hap Hogar happened to witness the game, and when Bassler picked 'em out to try to steal, smashed out a couple of hits off Bob Smith and performed in big league style all around. Stovall, who was then with Cleveland, immediately signed the kid.

Bassler did not secure the opportunity of breaking into the line-up very much the first season, and was sent to Toledo to finish the year. While there Bassler displayed great things, and last season was recalled by Birmingham. He caught a large number of games and made good right off the reel. It is probable that he will be second string catcher for the Naps this season. Just think, he has yet to attain his majority.

(Continued on Third Page.)

BARBER JOHN SHUT OUT, SUES.

(BY DIRECT WIRE—KELLY'S DISPATCH) NEW YORK, Feb. 10.—John Reiser, known as "John, the Barber," began suit today to recover \$20,000 damages because he was refused admission to the Garden last night to see the ten-round bout between Joe Sugar and Freddie Welsh.

John bought a \$5 ticket, but was told at the gate that he could not enter. It is said that Reiser made himself objectionable by saying things detrimental to the club that holds forth in the big building, Henry J. and Frederick E. Goldsmith, attorneys-at-law, will be Reiser's seconds and chief advisers.

Keefe, the sagacious press agent of "The Clansman," sits and sobs alone.

Judge Jackson yesterday made permanent the injunction to prevent the production of the much-agitated play.

Unless some other City Council now bobs up and offers to lend him the whole machinery of another city, it looks as though Keefe would have to be content with a miserable million dollars or so of free advertising.

I will not go so far as to say that the promoters of this moving-picture play actually brought about all this stow; sundry excited ministers and certain Councilmen with an almost inhuman ability to get agitated, saved them the trouble. But when the trouble did come up, "The Clansman" promoters and Keefe, the press representative, endured all the incidental free advertising with Christian fortitude and resignation.

(Continued on Third Page.)

What the Judge Said.

In deciding the injunction case yesterday, Judge Jackson addressed a few words to the colored people who half-filled the courtroom. He told them that, while he did not approve of the play itself, he did advise them to stop talking about it and to calm their stormy agitation.

There is a certain feeling between the races and there always will be as long as both live in this country," said the court. "But the production of this play will neither make the position of the colored people better nor worse and it will have no effect whatever upon the standing of the colored citizens of this community."

Everybody Helps.

"The Clansman" people fired another battle bulletin through to the papers last night to the effect that the Merchants' and Manufacturers' Association has adopted resolutions denouncing the interference of the City Council with the production of the play.

We have ceased investigating these rumors; we believe it all on sight. Everybody with strength enough to resolve has resolved. The only thing that could happen now would be a

Thirty-two Entries.

SAN FRANCISCO DRAWS BEST PILOTS IN COUNTRY.

THIRTY-TWO of the world's fastest racing cars are slated to start in the Vanderbilt Cup and Grand Prix races at San Francisco February 22 and 27. The greatest drivers in the speed profession are nominated to be up on American and foreign machines which comprise the entry list for the two great motor classics.

Never before in the history of the sport have these two events attracted such an array of cars. San Francisco has drawn the classiest field of any American road race ever held. When the entries closed last night the predictions of William L. Hughson, chairman of the Panama-Pacific

International Exposition Race Committee came true. Months ago Chairman Hughson stated that there would be more than thirty entries for the two great races of the year on the Pacific Coast.

Southern California is no longer the racing capital of the world. The scene shifts to San Francisco today. The northern city will hold forth as the headquarters of the motor sport world until the drivers return to Southern California for the Venice road race March 17.

GRANT OUT OF IT. At the last minute it is discovered that Harry Grant's name must be stricken from the list of starters. Grant is a two-times Vanderbilt Cup winner, and when he was signed to

drive for the Maxwell factory, on one of the new 160-cubic-inch speed creations of the Detroit plant there was much rejoicing on the part of the motor-race fans. The car was to have been entered as a Harroun special, as there are already three Maxwells in the lists with star drivers.

Then came a wire from the chief engineer of the Maxwell works which killed Grant's hopes. The car could not be expressed to the Coast in time for the events, and Grant is shy a mount.

As there are several cars listed with drivers unnamed, it is believed that Chairman Hughson will attempt to place the Vanderbilt veterans on some car, notwithstanding the fact that he is under contract with the Maxwell and is being held over for the Indianapolis and Venice events.

There was to have been a third Duesenberg entry. Two cars were listed several weeks ago, with Tom Alley and Eddie O'Donnell up, the third Duesenberg being withheld as a reserve car in case one of the cars met with an accident and could not start in the Vanderbilt Cup event. That accident came last Sunday. The car was not badly damaged, but the driver, Jack Callaghan, was killed. Even if the car could be repaired in time for the San Francisco races, there is no driver and it would be hard to find a man at this time, as all the available racing pilots are under contract.

Wilbur D'Alene is now anxious to withdraw his entry of his Harmon. He scored his cylinders in the fatal Agost Park race and it is probable that he will not be able to get his car in shape for the speed trials and the first of the two classic events.

DE PALMA IN "SIX." Ralph De Palma, who passed through Los Angeles last week on his way to the exposition city, is to drive the Mercedes "Six" in the northern events instead of his small Mercedes which he had at Corona, and is saving for the 500-mile Indianapolis race. De Palma is also a two times winner of the famous Vanderbilt Cup and if

MORNIN' JUDGE!

help (sipping loudly on bench): honor. Don't know what it is, but I guess I am guilty. Please, your honor, tell us the story.

Judge: George Cline, plaintiff, versus Bill Bacon, defendant. It is alleged and declared herein, that one Bill Bacon was discovered drinking a Hill & Hill highball at the San Gabriel Country Club; that said defendant did declare and state that he enjoyed the same drink herein mentioned and named. Bill Bacon, guilty or not guilty?

Bacon: Guilty, your honor.

Judge: Your sentence is to buy purchase, pay for and deliver to Tom Jefferson, twenty-eight malted milks and see to it that said Tom Jefferson drinks the same in the presence of the plaintiff, George Cline, and at least two other members of the San Gabriel club. Next, William R. Ruess: I'm here, your honor. What you want with me? Make it brief, old boy. I'm a busy man, got a lot of prospects to work on today. I got to deliver three Mitchells and two Stearns Knight machines this afternoon.

Judge: (trapping loudly:) Order! Order! What is your name?

Ruess: (with temper:) Bill.

Judge: Bill, you are charged with attempt to deceive. You have pictures, photographs, or likenesses of yourself, scattered around throughout the city in numerous clear emporiums and stands, showing you, Bill Ruess, in such miniature Stearns Knight automobile. It is alleged that you attempt to mislead the public and denied that you had a birthday this week by this fraudulent method. Guilty or not guilty?

Ruess: Guilty.

Judge: Well, Bill, your bill will be a ten dollar fine. Fred J. Wagner, stand up. You are charged with robbery. It is alleged that you aided San Francisco in the securing of the Van-Allen and George Fritz races, when those events should and were duly entitled to be run in Southern California, where last year on the famous Jack East race, the Van Allen and George Fritz races were run off with greater success than has ever attended two classics. Guilty or not guilty?

Wagner: Not guilty, your honor. I merely did a little boosting in the East and am boosting for the San Francisco races now and will officiate as starter in the northern events. I am for the exposition and I expect to see some fine races.

Judge: Circumstantial evidence leads the court to pronounce sentence. You are guilty of assisting San Francisco and working with William L. Hugheson for the events. In behalf of the commonwealth of Los Angeles, the court bestows a gold medal upon you for taking the races north, as Southern California has had too much auto racing. With the Venice race coming on, there will be no room for more. Take this medal and wear it as a token of the esteem of the citizens of Los Angeles. H. W. Jack Russell, stand up.

Russell (stands): Hugh Willis Jack Russell, yuh 'ons!

Judge: Hugh Willis Jack Russell, you are charged with carrying a gun. Guilty or not guilty?

Russell: You 'ons, that Ross rifle was given to me as a birthday present from my wife on Bill Ruess's and Joe McDuffe's birthdays. They are, also, great marksmen. I merely carried the gun down to show it to some of my friends in the orchestra at the Orpheum.

Judge: An even 100 bucks, but with a sixty years' suspended sentence. The court also wishes to warn you of the fact that Charles Van Loan has told us all about your rotten marksmanship. If that Ross rifle ever goes off it will travel 10,000 miles and kill the German army. So to avoid international complications, don't ever shoot.

PABST AGAIN.

Frederick Pabst, please stand up. You are charged with attempting at swindle. It is alleged that you have endeavored to sell your one share of all the money made by the winner of the Glendale road race. That one share of stock puts me in the same class with the rest of the magnates, gives a season pass, some several dollars a year in dividends, and more publicity than a dozen press agents. I'm not guilty, your honor.

Judge: The case is dismissed.

Pabst: Thanks, your honor, here's a pass to the pony races at Ascot Park. Better come out and look the sallopers over. I, V. Starr is going to see him out there. Come out and see him in action.

Judge: Court adjourned.

San Francisco Races.

(Continued from First Page.)

he wins the trophy the third successive time it will become his personal property.

Bob Burman is not entered with his Peugeot. The speed king is saving his car for the Indianapolis grind, having had new cylinders cast, which put him in the \$20 cubic inch class. It is probable, however, that Burman will drive one of the Case racers which were entered at the last minute. Eddie Hearne is nominated as one of the Case drivers.

Those of the racing fraternity who have not already gone north will leave Los Angeles today or tomorrow.

DRIVERS LEAVING.

Last night, Oli Anderson and Howard Wilcox, the two drivers who are to be Earl Cooper's team mates on the famous Stutz trip, reached the city on their way north. Wilcox is a valuable addition to any team and with Anderson and Cooper, should make the Stutz squad one of the greatest on the course at the exposition grounds.

"Howdy" Wilcox still holds the world's stock car mile straightaway record of 4:5.4, made at Jacksonville, Fla., March 31, 1911, with the National.

HARRY C. STUTZ HERE.

In the Stutz party, which arrived last night were also Harry C. Stutz, president of the Stutz Motor Car Company of Indianapolis; Bob Maypole, Chicago Stutz agent, and vice-president of the factory; Mrs. Stutz, Mrs. Maypole and Tom Rooney, Stutz Anderson's mechanic.

Paul Derkum met the party and took them to Venice last night to inspect the Venice course and to see Tom Carrigan, a member of the Venice Race Committee, who is an old-time family friend of "Howdy" Wilcox. Today, the Stutz caravan is to continue on to the north.

BARNEY OFF TOMORROW.

Barney Oldfield, who is to drive a Maxwell with Billy Carlson and Eddie Rickenbacker as team-mates, is to leave tomorrow for the north. George Hill, his mechanic, having left the city two days ago.

R. C. Durant, the local dealer who is to pilot one of the Chevrolets, is leaving this afternoon by boat, accompanied by Frank Lowry, Joe Brown, Charles Fuller and J. B. Marquis, who is to drive the Buhratt. Marquis is the man who was driving the Sunbeam in the lead of the Santa Monica race last year when it turned over on "Death Curve."

The Duesenberg team shipped north after the body of their dead friend, Jack Callaghan, was shipped East.

Practically all the rest of the drivers entered are now in San Francisco with their cars ready for the first practice, which will be held as soon as the course can be put into condition.

From a Car Window.

(Continued from First Page.)

cheap magazines, cheap books, cheap orators are allowed to publish and expound all manner of dreadful things every day without the slightest comment—things that would drive a moving picture censorship board into hysterics.

Oh, You Suckers!

The agreement was that we would pass this thing by, but I can't resist adding this.

That I think "The Clandestine" is rather rough—decidedly rough, in fact, upon the colored people, and is a glorification of mob law that is not approved of; but no one can help feeling contempt for an agitation that chases itself around in circles like a cat in a fit, an intolerable and meaningless agitation—a legislative body that creates a board of censors without power; then tries to go behind its own agents; issues raucous orders without authority to a Chief of Police who is told by the courts not to obey them and finally falls with one wild yell into the hands held open by an astute press agent.

The King of France who drew his sword and put it up again, was a punishment of efficiency and achievement compared with Press Agent Keefe's faithful band of excited, blundering volunteer assistants.

Bassler Has Some Record

(Continued from First Page.)

These players are to indulge in light training every day from now on and others are to enlist in the early birds' league so as to limber up for the coming benefit game to be played at Vernon Sunday afternoon for Charley Swain.

Menell May Jump.

Iris Meusil, the young outfielder who had his laundry thoroughly scrubbed at the Angels' expense, a few months before advancing to the big brush, drifted in from Imperial Valley yesterday and stated that he may drift right out again.

In drifting out Meusil hinted to a certain extent that it might be at the Federal League's expense. This caused Iris the trouble of being compelled to answer a few questions popped into his large smiling face by newspaper ginks. At the conclusion of the cross-examination it was discovered that the former Angel, Washington American, Elmiria Tiger, and still later, Minneapolis Bear, was seriously considering offers flushed before him by Gavage, representing the outlaw league.

According to Meusil the Minneapolis management has not offered him

enough kale to properly feed a humming bird, let alone purchase victuals with which to grind himself. He will hurdle to the Peds immediately unless his salary is given a trip to the top story. Meusil is to lounge around the city and await developments before deciding just what to do.

It will be remembered that this very same person created no end of excitement by crushing baseballs up in the State league a couple of seasons ago. Frank Dillon grabbed him, and the youngster finished the season with the Angels. During the following winter months a working agreement was arranged between Washington and Los Angeles, and through this, Iris slid up to the big leagues. Lacking the necessary experience to grab off a regular berth in the Senators' outfield, Meusil was shipped over to Elmiria in the New York State League.

While there he found that gaining experience was one of the simplest things he had ever attempted to accomplish, and finished the year leading the regular hitters. Clark Griffith recalled him and later farmed him out to Minneapolis.

Shipping to Ranch.

Map Hogan is to carefully pack up his baseball furniture and ship it out to Eddie Maier's turnip plantation a week from Saturday, and there the ferocious Tigers will be allowed the

privilege of prowling among the sun-flowers and tall and uncultivated bushes for an entire week.

Very few baseballs are to be shipped with the baseball cargo, according to the Tiger chieftain. The time is to be spent mostly in wandering around over the foothills and running from mountain to brookside.

Metzger Signs.

President Thomas Darnedy performed a heart-breaking feat yesterday. He received the signed contract of George Metzger and had to peel off enough perfectly good bills from the family bankroll to purchase a transportation slip for Dutch from St. Louis here.

Metzger is to leave his home town soon for Los Angeles, and will be on hand when spring training opens at Washington Park, February 21.

Rain Stops Cap.

As soon as the clouds get through weeping and the sun clears up the boulevards, Cap Dillon is to ramble down to Laguna Beach to confer with Jack Ryan. Cap is billed to start out on his expedition yesterday, but according to Darnedy, the trip was postponed until clearness prevails. Evidently Cap is afraid that his road-creeping animal will shrink up into a roller skate if it gets damp.

FRESNO TO HAVE STATE PREP MEET.

FIRST CALIFORNIA TRACK MEET TO BE HELD ON APRIL 2 AND 3.

(BY A. P. NIGHT WRITER.)

SAN FRANCISCO, Feb. 10.—The first annual track and field meet of the California Interscholastic Federation will take place in Fresno, April 2 and 3, allowing time for trials and semi-finals in each event, according to an announcement made here today by the federated council of the organization, which embraces practically the entire State.

The Committee of Arrangements includes J. W. Warner of Fresno, Harry Schaeffer of Fresno and C. Malcolm of Visalia. Gold, silver and bronze medals will be awarded first, second and third-place winners in each event and a tournament trophy will be retained as a permanent trophy if won three times in succession.

These contests will include: 100-yard dash, 220-yard dash, 440-yard run, 880-yard run, mile run, 220-yard low hurdles, 110-yard high hurdles, hammer throw, shot put, pole vault, discus throw, running broad and high jumps, mile relay race. Special entries: 100-pound class—100-yard dash; 120-pound class—100 and 220-yard dashes and running broad jump.

How much more than this—have you paid for DEPENDABLE Tires?

Do you know that—

—The largest Rubber Factory in the world is that of the B. F. Goodrich Co.?

—That it buys more Crude Rubber yearly than any other Rubber Factory in the World?

—That it manufactures more than 90,000,000 pounds of Rubber Goods yearly?

—That it pays one-sixth of all the Taxes in the 100,000-populated City of Akron, although 15 other Rubber Concerns are located there.

—That it has had 45 years of Experience in learning how to get the most Service out of Rubber, at the lowest Cost?

Well,—all this has to do with its ABILITY and DISPOSITION to give Consumers the

CARTWRIGHT IS RELEASED.

WOLVERTON TO TRADE OR SELL PITCHER HALL.

Seals now Number Thirty—Wolverton Intends to Out Club Down to Twenty-seven or Twenty-five Before Starting on Spring Training Trip.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

SAN FRANCISCO, Feb. 10.—Walter Cartwright, for two years utility infielder with the Seals, will receive his unconditional release in the mail some time tomorrow. The document was prepared today by Harry Wolverton and dispatched to Cartwright at his home in Fresno.

An over supply of baseball players and particularly infielders is given as the reason for the head topping by which the Fresno boy finds himself a free agent.

Wolverton also announced that in the next three or four days he expects to release Harry Hall, the right-hand pitcher, who was with the Sacramento club during the closing stages of 1914. Hall signed up with San Francisco, but Wolverton finds that he must reduce the count and it is likely Hall will either be hooked up with some other team or handed his release.

This brings the team down to thirty players, not including the manager of the club. Inasmuch as Wolverton does not intend to take more than twenty-five or twenty-seven ball players to Boyes Springs with him there will be looting off of heads during the week to come.

BASKETBALL AT WHITTIER TONIGHT.

Y.M.C.A. AND THE POETS ARE TO PLAY A TWO-GAME SERIES.

Basketball teams of the Y.M.C.A. and Whittier College meet tonight at Whittier in the first of two games that have been arranged to raise funds for sending the teams to San Francisco.

Although the Y.M.C.A. five won the championship, the Whittier boys did not meet them in the tournament.

The second game is to be played at the local Y.M.C.A. the first part of next week.

SMITH IS EVEN UP WITH MERRILL.

Smith once more drew up abreast of Merrill in the Voorhies amateur three-cushion billiard tournament last night, taking his fourth consecutive win from Root by thirty-five points to twenty-four in 101 innings. He also made high run of the game, four tallies.

Brady and Thomas play tonight, closing the fourth round.

\$50 Reward for information leading to return of new 1915 Ford auto taken from in front of 1821 South Main street on the 9th inst. Had electric lights and license No. 112890. Telephone information to South 4460, when money will be paid and no questions asked.

AT THE STAGE DOOR

There was a sensation not down on the bills over at the Majestic yesterday afternoon at the matinee.

Texas Guinan, prima donna of "The Whirl of the World," was served across the footlights with a complaint in a \$15,000 suit for debts contracted by the company representing the Texas Guinan obesity cure.

Just as Miss Guinan had finished kissing the bald-headed man, down in the audience, bing! a gentle-looking lady in black stepped up beside the actress and deftly slipped the complaint into her hand.

Miss Guinan, colored maid went into hysterics, being under the impression that both she and her mistress were due to spend the night in jail.

Miss Guinan herself took the matter with her usual laughing good nature. "I love that line, 'The State of California sends you greetings,'" she said, "sounds so cozy and welcoming, doesn't it? I thought it was some club sending me a nice little message."

Just then a lady stuck her head into the dressing-room door and invited Miss Guinan out to dinner.

"Dinner!" cried Miss Guinan. "I've got to go to jail."

Miss Guinan stated she had known the complaint was coming, that she had dodged it in San Francisco, had in fact refused to admit her name was Texas Guinan, and had likewise dodged it at Levy's Cafe yesterday.

The actress explained the complaint was one issued by the National Advertising Company for bills contracted by one Walter Cunningham, in New York, who subsequently skipped to Mexico and left her to face the music.

She claims she resigned as president of the company before the debts mentioned were contracted.

"If they can find \$15,000 on me I hope they'll let me know," said Miss Guinan. "Anyhow, I feel all settled up. Anybody that can be sued for \$15,000 is entitled to respect."

Too Much Whirl.
Lucille Cavanaugh, the beautiful dancer with "The Whirl of the World" company, is ill at the Clara Barton Hospital, due to overwork.

New York Cast.
Grace Valentine is to have the part of Pan in Frank Mandel's "The Lady We Love," when the piece goes to New York. Miss Beatrice Nichols created the part, but doesn't wish to go to New York.

In the same paragraph one mentions that Thomas McLarnie is to return to the city at the close of the Chicago run of "Our Children," in which he has made a tremendous success.

Mr. and Mrs. McLarnie are the Mr. and Mrs. Micawber of theatricaldom, and want to be casted in the same place before they seek the Broadway bright lights.

Wycliffe!
Wycliffe Parker, the dancer who does the graceful gavotte in the "Whirl of the World," and who has a name which sounds like a suburb, was a chorus boy only a few short months ago.

Mary the Hull Show.
Adolph Zukor, Al Kaufman and the two Tallys, junior and senior, lunched at the Alexandria today. "But not for lunch," as Alice Lloyd would say. They discussed the question as to the raising of prices for admission to the Mary Pickford pictures, and the question of running all Pickford pictures at one house. No decision was reached.

Please Shock Us.
Since the success of "The Clansman," motion picture managers are learning that "censure" means "censure" in the box office, and are tearing their clothes getting to the censors.

Fat Part.
Louis Bernison, who is making a hit as Honey Wiggins in "The Virginian," is to have a new play soon which will give him ample opportunity for his excellent talents.

Hook of Holland.
"Miss Hook of Holland" is to be the next offering of the G. M. Anderson players, who are doing such excellent work this week at the Morosco in "The Arcadians."

Fred McPherson. Fred McPherson is to have one of the leading roles, that of Capt. Paap. This is the first big part Mr. McPherson has played and his friends are congratulating him. He is the "prop" lover of pretty Gypsy Dale, as Minna.

Gascon Ferguson. Gascon Ferguson, who was rudely torn from his grand opera studies in Europe by reason of the war, is to play "Schnapps," a light comedy role.

Song Writing.
Harry Williams is writing some new lyrics for May de Sousa, who sings the leading role, a part full of beautiful music.

Certain scenes will be staged with scenery in poster effects of delectable blue.

Miss Dovey Arrives.
Alice Dovey, late Broadway star in "The Queen of the Movies" and "Papa's Darling," has come west to play the feminine lead in the film drama, "The Commanding Officer," being put on by the Famous Players. Donald Crisp has the name part.

Miss Dovey will next play the lead in "Lady Perry."

A Tense Moment from the "Virginian."

Dustin Farnum, as the cow-puncher hero

Of the Owen Wister play which is making a great hit at the Burbank.

tions that Thomas McLarnie is to return to the city at the close of the Chicago run of "Our Children," in which he has made a tremendous success.

Miss Dovey will next play the lead in "Lady Perry."

to earnestly assure them how very shocking their pictures are.

In the meantime the poor censors are going to work with their dinner pails and are about to form a union and invoke the eight-hour law.

The last protest to be filed was against "Three Weeks," being shown at Quin's Superba, and the censors will view the film today and report tomorrow.

"The Squaw Man." with Dustin Farnum in the leading role, is to be the next Burbank offering.

Beatrice Nichols seems to be coming into her own after a long career of maid parts of all sorts, from the fifty little French maid dusting the motes out of the sunbeams to the common, or garden variety of slavery. She is to have the part of Natirich, the Indian girl.

Outrunk.
When Forrest Stanley came back to the Burbank and asked Edmund Lowe for his old dressing-room this week, in the "Virginian," Mr. Lowe gave way with beautiful grace, but threatened to tell "Tramps!"

Sarcasm.
Walter Catlett claims his play, "A High-toned Crook," lent to go into rehearsal until after the 1915 fair.

"After all," he asks, "what's the use of setting up a rival attraction?"

Fat Part.
Louis Bernison, who is making a hit as Honey Wiggins in "The Virginian," is to have a new play soon which will give him ample opportunity for his excellent talents.

Hook of Holland.
"Miss Hook of Holland" is to be the next offering of the G. M. Anderson players, who are doing such excellent work this week at the Morosco in "The Arcadians."

Fred McPherson. Fred McPherson is to have one of the leading roles, that of Capt. Paap. This is the first big part Mr. McPherson has played and his friends are congratulating him. He is the "prop" lover of pretty Gypsy Dale, as Minna.

Gascon Ferguson. Gascon Ferguson, who was rudely torn from his grand opera studies in Europe by reason of the war, is to play "Schnapps," a light comedy role.

Song Writing.
Harry Williams is writing some new lyrics for May de Sousa, who sings the leading role, a part full of beautiful music.

Certain scenes will be staged with scenery in poster effects of delectable blue.

Miss Dovey Arrives.
Alice Dovey, late Broadway star in "The Queen of the Movies" and "Papa's Darling," has come west to play the feminine lead in the film drama, "The Commanding Officer," being put on by the Famous Players. Donald Crisp has the name part.

Miss Dovey will next play the lead in "Lady Perry."

WAIVER RULE GOES THROUGH.

Mrs. Britton Makes Speech to Magnates.

Herzog and Moran Still Dickering.

Playing Schedule Passed in Rush.

NEW YORK, Feb. 10.—Having adopted the play schedule for the coming baseball season shortly after convening today, the National League club owners wound up the business of their annual schedule meeting to-night after a long discussion on the new waiver rule. In future when a club asks for waivers on a player there cannot be a withdrawal, nor can a club withdraw a claim for a player under a waiver.

This was made a hard and fast rule today by a six to two vote, New York and Pittsburgh being the dissenting clubs. It was also decided that no manager can ask for waivers or claim a player. Such actions in future must be taken personally by a club president.

WOMAN SPEAKS.
During the discussion on these points, Mrs. Schuyler R. Britton, part owner of the St. Louis club, addressed the delegates, the first time that a woman has taken part in the debates of the baseball magnates. Mrs. Britton was warmly congratulated upon her familiarity with the waiver and draft clauses.

The league did not announce what action, if any, was taken in regard to the request of the International League to place a club in the Bronx borough of this city, but President Tener said that a written reply would be mailed to President Barrow of the minor organization tomorrow.

DICKERING.
Managers Herzog and Moran of Philadelphia have not yet completed the deal for Catcher Doolin, who has been signed by Cincinnati. The Philadelphia club was to receive a player in addition to a substantial cash consideration for the catcher, and it is understood the player will be Third Baseman Niehoff. Manager Bresnahan of the Chicago club, who is said to be anxious to secure the services of Niehoff, had a conference with the other two managers, but no agreement was reached.

Miller Huggins, the St. Louis club's manager, and Herzog also had several talks today in reference to the closing of the deal by which Catcher Wingo goes to Cincinnati. The transfer of another player is to be included in this transaction, but the selection of the man was not agreed upon tonight.

The local American League club announced today that Third Baseman Angel Aragon, who played last season with the Long Branch (N. J.) club of the Atlantic League, and finished the season with the Yankees, had signed a contract with the latter club.

After adjournment of the National League magnates, discussion among local League men centered upon the question whether the International League was to be granted permission to put a team in Bronx borough.

The International League has made no attempt to conceal his chagrin over the manner in which his plan is being received and has hinted that there might be more trouble in the baseball ranks if his request is turned down.

President Tener of the National League said no action was taken on Barrow's request at the present time for "obvious reasons." He said Barrow's request would be answered by mail.

The "obvious reasons" mentioned by Tener were not known until Barney Dreyfuss of the Pittsburgh club said:

"We do not want to take any action on anything until Judge Landis makes his decision."

Judge Landis's decision in the Federal League suit also upon the question whether the International League was to be granted permission to put a team in Bronx borough.

If they do not want to grant us a club in the Bronx, I wish they would tell us their reasons," said William Gibson, who is after the Bronx International franchise. "They say we will not interfere with their business, so why not let us take the consequences if we should fail. I will tell them that there will not be a team in the Bronx next season."

It was admitted by Federal League officials here today that Harry F. Blinn, who is now in the Bronx, is the man behind the Federal League team which will be placed in the metropolitan district, either in Newark or the Bronx. There was a rumor that the Federal League might decide to place clubs in both Newark and the Bronx next season.

H. T. Brewer, the Federal League's local representative, said he had heard from R. B. Ward of the Brooklyn club, who is working on the schedule in Pittsburgh. Owing to the fact that Pittsburgh will be on the western end of the Federal circuit next season, Ward believed he can arrange the schedule that there will not be a single conflicting game in either Pittsburgh or Brooklyn.

Joe McGinnity owner of the Tacoma Tiger baseball team is one of the marvels of the diamond. He will be 42 years old on March 19, next. He pitched forty-six games of ball in his forty-first year. Next to Cyrus Young, he has won more games than any other pitcher. His record from 1908 starting with Montgomery in the Southern League to last year with Tacoma, includes 415 victories and 269 defeats.

cluded in this transaction, but the selection of the man was not agreed upon tonight.

SKIDDED

It Happened—

Because He Failed to Use Tire Chains

HE or his chauffeur did not appreciate the great importance of Tire Chains. The car was taken by a storm and then the accident happened—the nerve-racking, bone-breaking, car-smashing skid came like a flash. There was nothing he could do but surrender to the inevitable. He had failed to equip all four tires with

Weed Anti-Skid Chains

The Only Positive Safeguard Against Skidding

The time to provide against accidents is before they happen. Don't wait until after the first skid. Put Weed Chains on all four tires and you'll have quadruple protection against injury, death, car damage and law suits.

Weed Chains are the only chains to fit every car. No matter how muddy or icy the road, they hold on like a bulldog. It is as if you were to furnish your own instinct for self-preservation to the wheels of your car.

Do Not Injure Tires

When properly applied Weed Chains do not injure tires—that is, put on so as to allow a little "play." Tight enough to be secure—loose enough to "creep." When they "creep"—shift their position—there isn't a chance to cause injury to the tires. Instructions for attaching, enclosed in every bag of Weed Chains or mailed upon request.

Mistress and horse that was stolen from Orange-county farm and which every Sheriff in Southern California is hunting.

Dr. J. J. Caldwell says that this exceedingly distressing disease does not shorten life and does not appear to be curable. Sufferers are, therefore, often condemned to undergo the periodical attacks every few weeks until they are forty years of age, after which the attacks are less frequent, and finally disappear entirely. Palliative measures during the attacks are all that it is possible to do, while the only real preventive measure is an attack may often be prevented by taking two Anti-kamnia Tablets when the first symptoms appear, and one Anti-kamnia Tablet every two hours during the attack shortens the attack and lessens the distress. Anti-kamnia Tablets may be obtained at all druggists. Ask for A-K Tablets. They quickly relieve all Pain.

FINANCIAL

Bank clearing yesterday was \$2,113,444.54. The clearing of \$2,113,444.54, compared with the clearing of \$2,113,444.54, and a decrease of \$112,444.54 from the clearing of \$2,225,889.08 of the corresponding day in 1914.

Stocks and Bonds.

GOLD IMPORTS A STIMULUS.

INVESTMENT MARKETS MUCH STRONGER IN TONE.

New Financing by Railroads, Restored Dividends and an Increase in Unified Steel Tonnage are Encouraging Factors in the Financial District.

(BY A. P. NIGHT WIRE.)

NEW YORK, Feb. 10.—Apart from constant pressure against the coal shares, which at one time showed substantial losses on rumors of an impending decision by the Interstate Commerce Commission, today's stock market was strong and repeats with interesting developments. Chief among them was the reimportation of \$2,500,000 American gold from Ottawa, where it had been deposited by our bankers in the early weeks of the European war. The importance of this transaction, as seen by local financial interests, lies in the fact that it is the first indication of the return of the precious metal to this center since the beginning of the foreign crisis. Other encouraging factors were the large increase in January tonnage reported by the United States Steel Corporation, advances in finished steel and iron, and new railway financing and equipment purchases. Approval of the new \$100,000,000 bond issue by the New York Central directors on terms more advantageous to the company than were originally outlined, was reflected in the partial recovery of the stock. A considerable part of today's gain was in the specialties, Bethlehem Steel and some automobile shares ascending to high records with continued demand for American Smelting, National Lead and Pittsburgh Coal, common and preferred. The last named secured a maximum gain of 7 points on rumors that it had been decided to restore its dividend to its full rate, and a part of the accrued accumulated dividend. Foreign exchange fell to a new low rate for cables on London, but recovered later on buying of bills. London's markets were steady, except the American division, where a weaker tone prevailed. The Imperial Bank of Germany advanced almost \$8,000,000 to \$10,000,000. United States registered 28 advanced to 108 per cent. on call.

NEW YORK BOND SALES.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

NEW YORK BUREAU OF THE TIMES, Feb. 10.—Comparison of bond sales: Total for week ending Feb. 10, 1915, \$1,554,000; same day of week last year, \$2,501,000; same period in 1914, \$123,500,000.

LOS ANGELES STOCK EXCHANGE.

Union Oil Issues Continue to Hold Interest of Traders—Bonds Sell at Eighty-three.

Interest continued to center around Union Oil securities yesterday on the Stock Exchange. The bonds were traded in at 82, the tone of the market being stronger. Union Transportation bonds, although no sales were recorded, also showed a firmer feeling. Union Oil and Union Provident were both higher. The advance in these issues appears to be principally due to a better demand. The market is without news concerning them. Low Angeles Investment became a little easier, closing at 51. The opening was at 52.4. United Oil showed a slightly stronger tendency. One thousand shares of California Hills changed hands at .02. Changes throughout the list were nominal, and the market as a whole was only fair.

COMMERCIAL.

Meat prices showed a decline yesterday, particularly for hogs, which dropped anywhere from 1 to 1 1/2 cents a pound. The decline went all through the fresh pork list, and followed the lower market which has been prevalent for about two weeks on live pigs. Dressing hogs, on the other hand, were 13 cents a pound. Tenderships are down to 25 cents, the lowest they have been in many months. Beef showed a very small drop, little more than fractional. In and line, Mutton offered showed an increase in value, selling largely by the pound instead of the piece, as was the case with the hogs.

The advance in sugar came yesterday morning also, as predicted, the price on cane sugar going to 46.50 and beet to 46.35. This was about the sixth advance during the past two weeks, and 18 cents to 24 cents, and the market moving upward 25 cents. All other sugar advanced in like manner. The differential established by local jobbers, governing shipping to various points, and in various containers, was also advanced, the local market showing a decline of 1/2 cent, going to 26 cents on cane, and 24 cents on beet. The market declined to 24 cents on an increasing supply of fresh stock. Receipts here for sugar were 100,000 pounds, and the market was steady. Cheese in northern fresh variety, particularly the Swiss, showed a decline of 1/2 cent, going to 15 cents. The market was steady. Butter showed a decline of 1/2 cent, going to 15 cents. The market was steady. Eggs showed a decline of 1/2 cent, going to 15 cents. The market was steady. Poultry showed a decline of 1/2 cent, going to 15 cents. The market was steady. Fish showed a decline of 1/2 cent, going to 15 cents. The market was steady. Fruit showed a decline of 1/2 cent, going to 15 cents. The market was steady. Vegetables showed a decline of 1/2 cent, going to 15 cents. The market was steady. Grains showed a decline of 1/2 cent, going to 15 cents. The market was steady. Oils showed a decline of 1/2 cent, going to 15 cents. The market was steady. Miscellaneous showed a decline of 1/2 cent, going to 15 cents. The market was steady.

The Public Service.

At the City Hall.

PROVIDE FOR FREEHOLDERS.

CHARTER MAKERS TO BE PASSED UPON AT PRIMARIES.

Council to Adopt Resolution Providing for Selection of Board in Connection with Coming Municipal General Election—Probably Four Tickets.

Los Angeles is to go through the throes of charter making again. This is practically settled. There has been no official action, but this will follow in a few days.

Members of the City Council conferred with City Clerk Wilde on this subject yesterday. It was agreed that within a few days a resolution will be introduced, which undoubtedly will be adopted, providing that the City Attorney shall include in the ordinance calling for the primary election a call for the selection of a Board of Freeholders to frame a new charter for Los Angeles.

This action is deemed necessary now that the City Clerk may have the nominating petition blanks printed in connection with similar petitions for other officials.

These nominating petition blanks cannot be issued by the City Clerk until March 12. They must then be filed with him by April 5, giving seven days for their circulation. Nominations for members of the Board of Freeholders are made just as are those for any other municipal candidate, requiring the names of not less than 500 nor more than 1000 qualified voters.

The primaries will be held May 4, and the general election June 1. Present indications are that there will be four tickets in the field for the Board of Freeholders. The names of these thirty names having the highest number of votes at the primaries will be placed on the ballots at the general election, from which will be elected the board of fifteen members.

The city charter conference is a movement organized a few weeks ago to formulate plans for a proposed charter and to put forth a ticket for the primaries. This conference includes three delegates each from about thirty civic and business organizations of the city.

USE HYPERION.

DON'T MIND THE SMELL. The City Council in the past has had sundry kicks about the stench at Hyperion Beach, where the city's outfall sewer discharges into the ocean. Even the State Board of Health has kicked. But now comes a man who doesn't object to little things like a smell. In fact, he plans to augment the odor.

James T. Armstrong, of No. 220 W. P. Story building has notified the Council that he is securing capital for a large kelp industry on the Pacific Coast, and finds two practicable locations, one at San Diego and the other at Hyperion Beach. He wants to use city land and the wharf there for the manufacture of kelp from kelp.

Of this industry Mr. Armstrong says: "There is created a smell, not unhealthy—quite the opposite, for it acts as a perfect disinfectant—but nevertheless not appreciated by those around it."

The Council referred the subject to the Public Works Committee, which will consider it this afternoon.

FOOT PASSAGEWAY.

AT NEW S. P. STATION. The Southern Pacific Company had a communication before the City Council yesterday regarding the proposed foot passageway from Central avenue to Alameda street, at the new station on Fifth street. The company wants the Council to grant it the necessary rights for the landing at Alameda street.

This raised a discussion as to whether the elevated passageway should be allowed to pass over Alameda street or stop on the westerly side. Councilman Bryant objected to the bridge crossing the street. The subject was referred to the Public Utilities Committee for determination.

Try for Liberty Bell.

If the famous Liberty Bell comes to the Pacific Coast for the Panama-Pacific Exposition, Los Angeles will try to have it stop here.

Mayor Rose yesterday sent to Mayor Blankenburg and the members of the Select and Common Council of Philadelphia the following telegram: "The undersigned, speaking for the million of patriotic people of Los Angeles and Southern California, hereby wishes to inform the plan of having the famous Liberty Bell sent to the Panama-Pacific International Exposition, to open at San Francisco on February 20. Would you respect the request that if such action should be taken that the bell be routed through Los Angeles, in order that the people of this city may have an opportunity of seeing it."

Orders for Paving.

The Board of Public Works has adopted resolutions to be submitted to the Southern Pacific and Santa Fe railroads for the paving of their portions of certain streets where paving is now in progress. The Southern Pacific will be required to pave its section of Jackson street, from Center street 255 feet easterly. The Santa Fe must pave its portions of Lafayette street, between Labor lane and Ducommun street, and Banning street, from Vignes street to a point 150 feet east of Center street.

For Park Protection.

The City Engineer's department, at the request of the Park Commission, has studied drainage conditions at Eastlake Park and has prepared plans for conveying storm waters through the park without injury to improvements. The drainage area north of the park and the runoff through the subject of improving conditions at Westlake Park was presented.

Councilman Bryant yesterday directed the attention of the City Council to the fact that although an appropriation was placed in the annual budget last July for improving the northwest corner of Hollenbeck Park, at Fourth and Cummings streets, that portion of the park is still unsightly.

He asked that the Park Commission be requested to improve it at once.

The subject of improving conditions at Westlake Park was presented. Councilman Retkouski reported that the Public Service Commission is willing to do what it can to provide water at the lowest rates for refilling the

lake, provided the Park Commission will drain the lake and clear out the bed. Recently the Park Commission has considered draining the lake, filling in part of the depressed surface and covering the space with lawn.

Robinson Appointed.

The name of Louis L. Robinson was sent to the City Council by Mayor Rose yesterday as his appointee for membership on the Civil Service Commission, to fill the vacancy caused by the expiration of the term of Dr. John R. Haynes. The usual delay of one week on confirmation was taken by the Council.

Mr. Robinson several years ago was chief deputy for the County Tax Collector, and under former Mayor McAlleer was a member of the Fire Commission. He is president of the Pacific Coast Manufacturing Company.

Jobs for Pianists.

Do you play the piano and want a job at it? Well, here's your chance. The city wants to secure two good pianists for accompanists at the municipal playgrounds. Examinations for the positions will be February 25. Applicants must be American citizens, between the ages of 18 and 50, and must have lived in Los Angeles continuously for the past year. Further information and application blanks can be secured at the office of the Civil Service Commission, room 4, Normal Hill Center, Fifth street and Grand avenue.

Municipal Paragraphs.

Sixteen owners of express wagons yesterday filed a petition to the City Council asking for a license upon vehicles doing express and transferring.

The Council has set 9 a.m., February 12, as the time for hearing protests against the proposed paying of Gramercy place, between Third street and Wilshire boulevard.

Action on the proposed ordinance regulating the operation of oil wells in the city has been deferred by the Council until May 12.

Protests against the paving of Thirteenth street, from Pacific avenue to Carolina street, and against the widening of Fourteenth street, San Pedro, from Beacon street to Pacific avenue, were denied by the Council yesterday. The Council adopted the final ordinance ordering the improvement.

The Council yesterday instructed the Board of Public Works and the Harbor Commission to enter into a contract whereby the city will sell to the F. W. Hewitt Company a model 61 Marion steam shovel for \$1000. The machine was used on the aqueduct and then sent to the harbor for use on hill-rising.

The Council yesterday repealed the ordinance that authorized the Police Commission to grant a permit for the establishment and maintenance of a distillery. Under the provision of the ordinance was the possibility of creating a monopoly, and the Police Commission recommended its repeal.

At the Courthouse.

HER CHARACTER IS UNDER FIRE.

IN HER HALF-MILLION BREACH-OF-PROMISE SUIT.

Defense Seeks to Show Girl Whose Marriage to Wealthy San Diego Was Void, Stopped at Various Apartment-Houses with "Husbands" and "Brothers."

With the view of mitigating the amount of damages which might be awarded to Miss Maud Armfield in her \$500,000 breach-of-promise suit against Howard (Roy) Bryant, the scion of a wealthy San Diego family, former Judge Britt yesterday introduced evidence tending to show that before her marriage to Mr. Howard was annulled she stopped at various apartment-houses with men whom she passed off as her husband and as her brother.

This fact came out in the examination of Miss Armfield, who stated that because of the baby in her charge when Mr. Howard refused to carry out his promise to re-marry her, she, a young man, called along. She said he was her brother, and they went north on Main street. There will follow evidence along these lines offered today.

Miss Armfield scored yesterday when the will of Carrie A. Dalton, nee Herford, of San Diego, was offered in evidence. Under this will Mrs. Dalton, a sister of Mrs. Medora H. Howard, the defendant's mother, gave her sister half of her estate, to be divided with Roy. At his mother's death the half became his own.

The report of the executor of the estate she inherited, Roy, that his mother's death will be \$65,548.78. It was stated by the executor that Roy had transferred his interest to his mother, Miss Armfield, and this was done to defraud her of her claim.

ESTATE WINS.

PROPERTY REGAINED. The estate of the late Mrs. Clara A. Dalton won a decisive victory against George W. Haines in a suit to declare a trust when Judge Shenk yesterday ordered the return of the Sunnyside ranch near San Gabriel, one-half of the property at Long Beach; half of the 1733 shares of the Long Beach Improvement Company, and charged Mr. Haines with the \$2000 mortgage he had placed on the Long Beach property. The judgment was in favor of the Los Angeles Trust and Savings Bank, intervenors and executors, which had succeeded Mr. Haines, named by Mrs. Dalton in her will.

The suit was brought by Mrs. L. Cline, a daughter of Mrs. Dalton, and as the facts were brought out at the trial yesterday, it appeared Mrs. Dalton formerly conducted the Bellevue

Terrace Hotel. At Mr. Haines's suggestion she sold the hotel and with the proceeds bought the Haines Hotel, which was in bad odor. Mrs. Dalton turned the property over to him to handle, and to dispose of. He exchanged it for the Sunnyside ranch, which she had in her name.

Mrs. Dalton brought suit later against a relative to quiet title to the Sunnyside ranch, and in this suit Mr. Haines was active in her behalf. The suit was decided for Mrs. Dalton. The Sunnyside ranch was decided to Mr. Haines, and he allowed an \$8000 mortgage against it to be foreclosed and the property sold.

Mrs. Dalton made a will, naming Mr. Haines executor. He died and the heirs asked for an accounting, whereupon Mr. Haines declared he had an agreement with Mrs. Dalton during her lifetime under which she had received him. Mr. Haines had a 32nd interest in the Sunnyside ranch. This agreement proved to be a yellow carbon copy unsigned. He contended that the original paper had been signed.

AMAZON PUNCHES HER. FEMALE FIST HITS JAW. When Marie Ellen Moffet left the divorce court yesterday morning, after trying a knot in the suit brought by William R. Moffet, another woman, and slipped swiftly from a side room, she glided up to her, swung a right-hand punch which landed squarely on the jaw. As mysteriously as she had appeared, she disappeared. Spectators say she ran into an elevator and descended to the first floor and mixed with the outwailing occupants of the County Clerk's court. Friends of Mrs. Moffet went to her assistance and for a moment there was a strange babel of tongues asking what and who Mrs. Moffet was. It was learned subsequently that the woman with the punch had been waiting for this opportunity, as Mrs. Moffet had coupled her name in a verbal charge with that of Mr. Moffet.

Mr. Moffet, in his complaint, alleged his wife had been traced to the Van Buren apartments, No. 230 South Van Buren street, with another man, Mrs. Moffet, in her answer, denied the charge, and declared Mr. Moffet deserted her. He was not present in court and the case was heard on Mrs. Moffet's cross-complaint. The matter was submitted.

COURT CLERK STAYS.

COUNTY BOND NOT NEEDED. A Police Court clerk is a city official and as such he does not have to file his bond with the County Clerk nor is he required to record it in the County Recorder's office. This is the substance of an opinion handed down by Judge Shenk in deciding that Thomas F. Simpson, who was appointed by Police Judge Williams when he took office, holds over under Police Judge Richardson.

The seat was contested by Carl P. Shedd, who was appointed by Judge Richardson when sworn in. He held Mr. Simpson did not file his bond with the County Clerk nor did he have it

10c Places the \$18.00 Hall-Borchert "Empress" Dress Form in Your Home!

—Then progressive payments of 10c additional each week until the full \$18.00 is paid. And the "Empress" is a 24-way adjustable form—think of that!

BROADWAY AND HILL
EIGHTH STREETS
SUNSET BDWY. 1168 — HOME 10063

With conditions so unsettled abroad the flax market is going higher and higher every day. privilege to buy now, at normal prices, all linens secured by us before limited import brought about this rise in prices.

—In fact, on many lines we are featuring, the prices lower than normal and economy is evident in every purchase you make today.

Double Linen Damask. —One of the most extraordinary purchases ever made by our store. leading item in the linen sale today—double linen damask in the 24x36 size of an extra heavy quality, worth all of \$1.50 a yard as market today.

—24x24 in. Linen Napkins to match, \$3.75 doz.

\$6 Hemstitched Linen Table Sets. —A limited quantity from regular stock repurchased for this special event. One 24x36-inch cloth and six napkins to match. Find them all at \$4.97. Stripes and floral patterns in great variety.

Union Crash. —This is an "all-wool" suit, very soft and full of character. Full length and wide.

\$1.95, All-linen Bleached Napkins, doz. \$1.35. —A limited quantity of these—so it will be gone—phone or mail orders; size 18x18 inches; attractive.

\$4.50 Napkins, \$3.25 Dozen. —This economy price on pure linen napkins is a sign that will be appreciated. They're 24x36-inch size, the fine satin finish.

Turkish Bath Towels, 50c. —These in 24x48-inch size; six-inch border of fine quality; worth a deal more, too!

\$1.20 Huck Towels 85c a Dozen. —The famous "163" red bordered towels so well known for quality. Full bleach soft finish; size 18x36 inches and hemmed. A dozen for only 85c. today.

\$3.25 Pattern Table Cloths, \$3.75 Pattern Table Cloths. —The first in 71x74-inch size; the second 70x90 inches, and it's only one have not napkins to match them that we have repurchased them so very of excellent weight, meadow bleached, and have the fine luster that is prettier after every tubbing; beautiful patterns, too.

Professor Austin Will Give You—Free. —If your scalp itches; if you have dandruff; if your hair is falling; if your hair is dry or brittle; if your hair is excessively oily, a microscopic examination will show just what the cause is, and Prof. Austin will advise you just what is best for your individual case. (Women need not take down their hair.)

10 to 12 a.m. 2 to 4 p.m. Private Office. (Hair Goods Department—Second Floor)

ASKS HUNDRED THOUSAND. HURT IN ELEVATOR'S FALL. Kemper B. Campbell, attorney, who was injured when the elevator at the Tajal building collapsed November 24, 1911, filed suit yesterday for \$100,000 against Simona Bradbury, owner of the building, an incompetent, and Lewis and Louisa Bradbury, guardians of her estate and person. Of this amount \$25,000 are exemplary damages.

HER HEART CHANGES. TELLING THE PROBATION OFFICERS THAT where an attorney's services were not actually furnished, the Public Administrator who is in charge of the case, handle the case himself. This decision will release about \$5000 which has been held by Public Administrator Bryson Donald McIl, Somers, L. M. Nelson and Herbert M. Simon, capital stock \$5000, subscribed \$1000.

COURT PARAGRAPHS. PROCEEDINGS IN BRIEF. ONE LUCKY. Judge Monroe has his usual busy day yesterday, but he granted just one divorce decree. One case was submitted, two went off calendar, five were continued and two decrees denied.

INCORPORATIONS. Broadway Securities Company, Incorporated. William L. Blenkiron, Harry V. Blenkiron, A. M. Salyer, Martha V. Salyer and M. W. Harker, capital stock \$50,000, subscribed \$25,000; Fred Friends Church, Incorporated. David Pitts, Frank W. Tracy, Alva H. Pearson, Prada Summers and Lucy A. Clewett, no capital stock; Features Ideal Inc., Incorporated. Donald McIl, Somers, L. M. Nelson and Herbert M. Simon, capital stock \$5000, subscribed \$1000.

INDIAN ACQUITTED. Red Man Accused of Assaulting Guard With Horse's Leg Bone, Given Freedom. A jury in Judge Bledsoe's court yesterday acquitted Sylvester Flame, an Indian, of making a murderous assault upon John C. H. Indian, policeman on the Fort Yuma Indian Reservation.

TEST CASE ON ESTATE. The estate of C. E. Gale, who was fatally injured in Lower California February 12, 1914, will be increased by \$300, which was charged up against it for attorney's fees during the course of administration. When Mr. Gale was killed no heirs were found and the estate passed into the hands of the Public Administrator.

NO DOUBLE FEE. In order to test the question whether attorney's fees for handling the matter in court, as provided for in the county charter, would be allowed, \$200 fees were charged against the estate and opposed by N. Landsberg.

RECORDED IN THE COUNTY OFFICE. These requirements Mr. Shedd says he fulfilled, but that Mr. Simpson held the place, refused to deliver up the books, papers and documents of the office.

DIVORCE DENIED. LITIGANTS TOO FRIEDLY. A curious situation was disclosed when the divorce suit of Mary M. Huff against Fred E. Huff came before Judge Monroe yesterday for trial. Mrs. Huff stated in her complaint that her husband refused to permit her to live elsewhere nor would he take another wife. The consequence was that both lived in the same house.

UNDERGROUND FLOW. EXPERT TO DETERMINE IT. Scientific facts in dispute in the trial of the suit of Mrs. May K. Rindge against the Craggs Land Company, to enjoin the latter from using water claimed by Mrs. Rindge for the great Malibu ranch, will be submitted to Prof. Charles C. Shichter, of the University of Wisconsin. The proposition was made by the defendant in connection with the velocity of the underground flow of water through the gravel beds in Trunfo Creek, the beds lying between the Craggs Country Club dam and the Malibu ranch, and accepted by the attorneys for Mrs. Rindge.

PLEADS GUILTY. WHITE SLAVE ACT. George Grand, a buyer indicted for violating the Mann White Slave Act, at that he brought Vivian Olcott, a cloak model, from Kinman, Ariz., to Los Angeles, pleaded guilty in Judge Bledsoe's court yesterday and will be sentenced Tuesday morning.

THE WOMAN HAS BEEN IN JAIL IN default of bail in \$500, held as a witness, February 12, 1914, will be increased by \$300, which was charged up against it for attorney's fees during the course of administration. When Mr. Gale was killed no heirs were found and the estate passed into the hands of the Public Administrator.

WHY BONDS ARE SAFE INVESTMENTS. The House Trust and Savings Bank of Chicago has issued a booklet entitled "Why Bonds Are Safe Investments," intended for the use of persons planning to invest in bonds for the first time. It aims to explain in simple terms the purposes and uses of various classes of bonds as safe investments for individuals as well as institutions. Copies may be had free on request.
